1) Purchase one (1) qualifying Monroe or one (1) qualifying Rancho product purchase receipt. Check and gather rebate for the dollar amount specified next to qualifying product purchase. Rebate does not include installation / labor costs or taxes and offer is good only on qualifying purchases (see online the list of qualifying products). Offer valid on purchases made **March 1 – April 30, 2012**. Upon filling the requirements below, Tenneco will send you a rebate check for the specified dollar amount.

2) You must submit the following items to receive your Monroe **"Safety First"** rebate check:
   a. Authentic dated sales receipt (copy or original) with business identification verifying the purchase of the prohibited business. The **permanent** product part numbers **must** be identified on the sales receipt. Offer does not apply to transactions when product is being replaced under warranty.
   b. This form, filled out completely and legibly. Validity of incomplete documentation will not be honored.

3) Send this completed form and required proof-of-purchase (dated sales receipt) to the address indicated below. **Requests must be postmarked by June 1, 2012.** Tenneco is not responsible for late, lost or misdirected mail and all proofs-of-purchase become the property of Tenneco and will not be returned. Please retain copies for your files.

4) Offer good only in the U.S.A. at participating locations. Offer open to individuals; requests from groups, clubs or organizations will not be honored. Void where prohibited, taxed or otherwise restricted. Please allow 8-10 weeks for processing from receipt of redemption form and all required proofs-of-purchase. Fraudulent submission could result in federal prosecution under mail fraud statutes. Purchase, sale or trade of any offer requirement is prohibited. This promotion is prohibited for persons under the age of 18 residing in the state of Vermont.

5) Limit: one (1) rebate per household.

6) The Monroe **"Safety First"** offer may not be combined with any other discount, offer or rebate.

7) The Monroe **"Safety First"** rebate check is valid for 90 days from the date of issue.

Box 7 — Choice of Party
In some States, you must register with a party if you want to take part in that party's primary election, caucus or convention. To find out if your State requires this, see item 7 in the instructions under your State.

If you want to register with a party, print in the box the full name of the party of your choice.
If you do not want to register with a party, write "no party" or leave the box blank. Do not write in the word "independent" if you mean "no party" because that might be confused with the name of a political party in your State.

Note: If you do not register with a party, you can still vote in general elections and nonpartisan (nonparty) primary elections.

Box 8 — Race or Ethnic Group
A few States ask for your race or ethnic group in order to administer the Federal Voting Rights Act. To find out if your State asks for this information, see item 8 in the instructions under your State. If so, put in Box 8 the choice that best describes you from the list below:

American Indian or Alaskan Native
Asian or Pacific Islander
Black, *not of* Hispanic Origin
Hispanic
Multi-racial
White, *not of* Hispanic Origin
Other

Box 9 — Signature
Review the information in item 9 in the instructions under your State. Before you sign or make your mark, make sure that:

(1) You meet your State's requirements, and
(2) You understand all of Box 9.

Finally, sign your full name or order your mark, and print today's date in this order — Month, Day, Year. If the applicant is unable to sign, put in Box D the name, address, and telephone number (optional) of the person who helped the applicant.

INSTRUCTIONS FOR NEW YORK

Registration Deadline
25 days before the election.

Box 6 — ID Number
Federal law requires that you provide your driver's license number to register to vote. If you do not have a driver's license then you will have to provide at least the last four digits of your social security number. If you have neither, please write "NONE" on the form. A unique identifying number will be assigned to you by your State.

Box 7 — Choice of Party
You must enroll with a party if you want to vote in that party's primary election or caucus.

Box 8 — Race or Ethnic Group
Leave blank.

Box 9 — Signature
To register in New York you must:
be a citizen of the United States
be a resident of the county or of the City of New York, at least 30 days before an election
be 18 years old by December 31 of the year in which you file this form (Note: You must be 18 years old by the date of the general, primary, or other election in which you want to vote)
not be in jail or on parole for a felony conviction
not currently be judged incompetent by order of a court of competent judicial authority
not claim the right to vote elsewhere

DANG

"And most importantly I want to thank our 1,000 employees worldwide for the passionate, tireless and diligent work ethic they display every day to keep 8x8 at the forefront of our industry. While we don't employ an army of thousands, we do have an amazing group of superstars in the US, UK and Romania who consistently punch above their weight and we are very fortunate to have them on our side of the rink.

Cast Care Instructions

These instructions are intended to give you information about your cast and it's proper care.

1) WHAT IS THE CAST MADE OF?

The cast is made of a rigid and waterproof fiberglass material. It is not delicate nor is it indestructible. The padding and lining is usually made of cotton for skin protection. This material is not waterproof and should be protected from water (rain, bath/shower, pool etc.).

2) CAN I GET THE CAST WET?

As mentioned above, the lining materials are not waterproof and need to be protected. If careful, you may take a shower. Drugstores or surgical supply stores sell bags to protect your cast while showering. If one cannot be located, then you may use a large heavy duty garbage bag with some sturdy tape around the upper part of the cast. Use a small towel around the top to catch any small amounts of water that may find their way into the bag.

3) WHAT IF THE CAST GETS WET?

If the cast gets slightly wet, you can use a hair dryer on cool to dry it. Do not use high heat. If the cast becomes smelly or real itchy after it got wet and feels soggy, then it needs to be changed. Call the office. If you get the cast really wet, it will need to be changed. Call the office.

4) WHAT SHOULD THE CAST FEEL LIKE?

The cast should not be digging into your skin or causing any significant burning or rubbing on the skin or bony prominences. If you feel this but it goes away quickly with change of position, then it is no cause for concern. If, however, you feel an area of pressure that won't subside, or is causing a burning pain on the skin, then your cast needs to be checked.

The cast should be relatively comfortable. The more active you are and the more time you spend with your arm or leg in the down position, the cast may actually feel tight. As long as the pressure goes away when you raise your arm or leg, there is no need for concern. If you have pain that does not go away when you elevate your extremity, or if you feel your fingers/toes are cold and numb, then you should call our office. If it happens at night or on a weekend and the pain is getting worse with each passing hour, then go to the emergency room.

5) WHAT IF I HAVE AN ITCH?

Do not stick anything down there to scratch your skin. You may cause a cut that can

A helpful guide

In the spirit of this Thanksgiving season, we offer some of our favorite ways to say grace before meals

"Lord Jesus, on many occasions and in diverse ways you sought out the poor, the weak, and the oppressed, and announced to them a year of grace. With these you sought to identify yourself. We ask you to bless this food and also help us every day to recognize you in the most abandoned of our sisters and brothers. You who live and reign forever and ever."

Some came to us via *Facebook*.
"Thank you, God, for happy hearts, for rain and sunny weather. Thank you for the food we eat and that we are together."—Phyllis

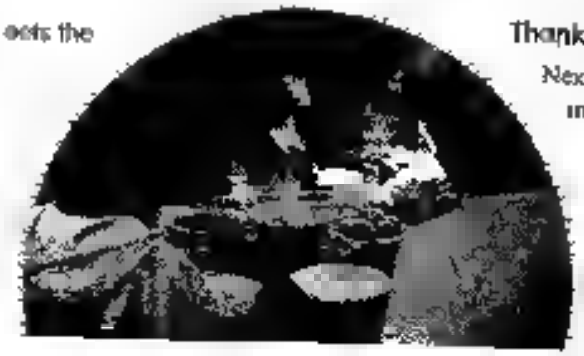
"Father in heaven, hear my prayer. Keep me in thy loving care. Be my guide in all I do, and bless all those who'd love me too."—Aaron

"O gracious Father, thank you for this food; bless it to our bodies, that we might continue to be stronger in proclaiming your Word daily. Bless those who prepared it, bless those who served it, and most of all, bless those who are without food this day. This we pray in the Most Holy Name of Jesus the Christ, who lives and reigns with you and the Holy Spirit, one God, forever and ever."—Richard

Some were old favorites.
"Come, Lord Jesus, be our guest, and let thy gifts to us be blessed."—Patrick

Some were even tongue-in-cheek:
"Father, Son, and Holy Ghost, whoever eats the fastest gets the most."
—Deacon Tony

Although we Catholics tend to love the old standards, there is certainly nothing wrong with allowing the Spirit to guide our tongues, and meal prayers are perhaps the best opportunities.



If you wanted to submit a meal prayer at our invitation but you don't have a unique family tradition. Maybe you're tired of saying the familiar "Bless us, O Lord," or maybe you don't always take time to pray before eating. Regardless of the reason, if your family doesn't have its own meal prayer, perhaps this year is a good time to start a tradition.

The best place to begin is posture. Since this is a family prayer, we can afford to be a bit more intimate and specific. Touch is a basic human need. It allows us to express our love and affection for one another and is a very real way of showing how we are connected to one another, so perhaps everyone can hold hands.

Next, a leader or spokesperson is chosen. This might be the person in authority (we'll let Dad think it's him) or one of the younger children, especially if the prayer has been written ahead of time. Allow a moment for the noise level to fall and the fidgeting to stop. Bowing heads will help with this.

We begin as we do all prayers, "In the name of the Father, and of the Son, and of the Holy Spirit."

Praise

We often begin our prayers by praising God. We acknowledge our faith in a supreme authority and usually list a few of God's titles ("Our Father," "Creator of heaven and earth," "Almighty God," "Lord.") Praise should always come before everything else, as God is deserving of all our praise.

Since we're going to be praying about food, let's select *Creator*. Think about the images of God as Creator that the Scriptures present to us. Don't be afraid to be a bit poetic.

"Creator God, you are the architect of all things seen and unseen. Through your power and love you brought existence forth from the void and pronounced 'I good.'"

Thanksgiving

Next comes our thanks. Keeping your mind on the theme of food, call to mind some of the blessings God has given to you and your family. Maybe every-

PHONE 641-204-0056

MESSAGE:
I am faxing you the employment agreement, signed. I tried to get to it last week, but with the move and the holidays I just couldn't get to it in time

On the agreement I crossed out the address as it changed when I separated from the military. My new address is: 907 W 4th St, Pella, IA, 50219

Also, in order to purchase the vehicle I am try to buy for my family before I go to CRC, I need a copy of the agreement signed by L-3 so they have verification of my employment since I have no paystubs Please, as soon as it is signed, could you email me a copy or FAX it to me If you can only FAX it, I would need a call first in the very likely chance my son turned off my FAX machine.

My FAX number is the same as my home phone number (Above) If you can just email me a copy, that would be easier, I'm sure.

Thanks!

In conclusion, it is important for a school administrator to be in contact and involved with a variety of community organizations. These organizations have strong roots in the community and by being actively involved, school administrators can make an important impact on the students, school and the community as a whole.

Instructions for Requesting a Copy of your Health Record

1-855-330-12

CLINICAL RECORDS.
Please be advised that in order to obtain a copy of your clinical health record you must complete the form **Authorization for Release of Health Information.** The form is available as a PDF file at www.nyu.edu/shc/medicalrecords.

HIV/AIDS
If your health records contain information relating to HIV or AIDS, the New York State Department of Health requires a special authorization form **Authorization for Release of Confidential HIV Related Information** The form is available as a PDF file at www.nyu.edu/shc/medicalrecords.

COUNSELING RECORDS
If you wish to obtain a copy of your counseling record, you must complete the form **Authorization for Release of Counseling Information** The form is available as a PDF file under www.nyu.edu/shc/medicalrecords.

WHERE TO SUBMIT COMPLETED FORMS:
You may visit the Health Information Management Services office and complete the necessary forms on-site or you may fax or mail your completed request form to our office The fax number is (212) 443 1002.

NYU Student Health Center
Health Information Management Services
726 Broadway Suite 340
New York NY 10003

Please allow 3-10 business days for processing of your request.

Please be advised that we only fax medical records to healthcare providers in the event of a medical emergency

FEES.
Health records will be sent to another healthcare provider free of charge as a professional courtesy However records not going directly to another healthcare provider are copied at the rate of 75 cents per page.

Students requesting that a copy of their health records be released directly to them will receive the first 20 pages free of charge, with each additional page copied at the rate of 75 cents per page.

Health records will be released upon payment of all fees.

PLEASE NOTE. HIMS will provide you with copies of radiology reports (written results of your x rays). However if you require copies of your radiology films, you must contact Radiology Services directly at (212) 443-1072.

When requesting health information please be very specific to insure you receive the information you require Also, please be advised that HIMS will process only fully completed Authorization for Release of Information forms as required by federal law (HIPAA)

If you have any questions regarding the release of your health records (clinical and/or counseling) please contact the HIMS Correspondence Unit at (212) 443 1272 or health.hims@nyu.edu

29.4.1 FORCE_ALERT Message (Function Code 0x0409)

Command Type = None	Parameter Type = Byte	Function Code = 0x0409
Configuration – Device Level	Configuration Change	FORCE_ALERT

The FORCE_ALERT command generates a fatal error condition in the device. This can be useful for testing Host error condition handling, and also in preparation for a Coredump when the device did not issue a fatal alert message.

The FORCE_ALERT command can be used to generate a "fatal alert" that will flush the ARM caches and also save important working data that would otherwise be lost during the Coredump process (that is, device hiccup) when using CSM_ENCAPS control.

The command takes a single 16 bit parameter which specifies the Alert Type generated by the device. When preparing for a Coredump, it is recommended to use Alert Type 0x0024, which generates a data abort. (Alert Types are described in the Section 29.4 Alert Diagnostic Indication Formation on page 506.)

Parameter 1 (FIFO Word 4) Alert Type to be generated

FIFO Word	Description
4	Bits 15:0 Alert Type to be Generated Alert Type 0x0024=Data Abort (Recommended for Coredump)

29.5 Diagnostic Output Paths

Diagnostic messages and responses can be transferred between the MSP Device and the Host using the PCI/µP interface or the RMII Ethernet interface (using Open Diagnostics and CSM_ENCAPS).

Open diagnostics have the ability to be redirected to a different output. Redirection can reduce the load for a Host to recognize, store and capture debug information when needed. With redirection, the diagnostics can be redirected to Ethernet (for instance) where the debug information will be automatically routed to a designated sniffer.

- Path 1: REDIRECT OVER CSM_ENCAPS or REDIRECT OVER IP/UDP
- Path 2: PCI/µP

29.5.1 Sequence for Configuring Unified Diagnostic Commands Example

- SET_TDM_PARAMS – Device Level Configuration first.
- SET_ETH_HDR_DEVICE – MSP Device Source MAC Address
- IP_SERVICE_CFG – required before a SET_IP_HDR command.
- IP_ADDRESS – MSP Device Source IP Address.
- ARP_SERVICE_CONFIG – option for Host.
- NIF_SELECT – NIF of Ethernet interface to which Open Diags will be redirected.
- REDIRECT OVER CSM_ENCAPS or REDIRECT OVER IP/UDP
- SUPVSR_CREATE_CHANNEL

After the SUPVSR_CREATE_CHANNEL command, the "Enable diag" commands can be issued before or after enabling Voice (VOPENA) on a specific channel. If traces are required from the beginning of a voice call, the "Enable diag" command must be sent before enabling voice on a specific channel.

Chapter 1

Template

1.1 How to compile a `.tex` file to a `.pdf` file

1.1.1 Tools

To process the files you (may) need.

- `pdflatex` (for example from `tetex` package $\geq$ `0.3-6`, which you can get from Red Hat 5.2)
- `acroread` (a PDF viewer available from http://www.adobe.com)
- `ghostscript` $\geq$ `5.10` (for example from Red Hat Contrib) and `ghostview` or `gv` (from RedHat Linux)
- `efax` package could be useful, if you plan to fax documents

1.1.2 How to use the tools

Follow these steps

1. put all source `.tex` files in one directory then chdir to the directory (or put some of them in the LaTeXsearch path — if you know how to do this)
2. run "`pdflatex file.tex`" on the main file of the document three times (three — to prepare valid table of contents)
3. to see or print the result use `acroread` (unfortunately some versions of `acroread` may produce PostScript which is too complex) or

The Rhetoric of the Resume

A resume is a short informative document that lists your credentials for employment and that organizes those credentials in conventional categories (education, work experience, job objective, etc.) so that readers can quickly find the information they want. Most employers want the resume to be brief; the usual recommendation, often strongly stated, is that the resume should not be more than one page long (one side). Certainly this length constraint should be followed by entry-level candidates (just out of college). People in mid-career or applicants with extensive and/or various workplace experiences can consider having a resume that is longer than one page.

While you want your resume to generally meet the conventional requirements for the resume, you want to make sure that your resume is distinctive. One of the problems entry-level professional candidates often face is that their resumes look like everybody else's in their program of study. You have the same degree at the same university, you have the same type of internship and work experience... the only distinguishing factor would seem to be the GPA. (And what do you do if your GPA doesn't compare all that favorably?) The problem with using an off-the-shelf resume template is that such a template may or may not highlight your key credentials, it may or may not call attention to your strengths. You do not want to produce a generic resume that looks like everybody else's. You want your resume to be distinctive, to highlight the strengths and experiences that you have (and that nobody else does). Your experience is distinctive -- nobody else has your life -- and your resume should show that distinctiveness.

Traditionally, job seekers have prepared a single resume that they mail out to a variety of jobs. The advent of word processing programs makes it easier for job seekers to tailor the resume to fit particular kinds of employment, even particular jobs. If you are majoring in building construction technology, you might have two different types of resumes -- one for large construction firms which ask for a specific set of skills, and another for smaller firms which are looking for someone to do a variety of different tasks. So, in a sense, the resume can be tailored like a job letter.

The Quick Scan. How are resumes read? Most guidebooks claim that resumes should be designed for a fast read -- so that readers can find the information they are looking for in just a few seconds. They want to know quickly where you work now, where your college degree is from (and what your GPA is), what kind of relevant experience and education you've had. They are often looking for specific kinds of experience or a specific level of accomplishment or achievement. In an initial screening, a reader may glance very quickly over your resume and make a decision, "keep" or "discard." That is why resumes follow certain conventions: employers know how resumes are supposed to work, and if you adhere to the

Application and Gaming Tab – QoS

Quality of Service (QoS) is a method to give the high-quality, jitter-free, minimal lag, which may make demanding, real-time applications, such as video streaming

Wireless	**WMM** If you don't have other devices on your network that support WMM, select **Disabled**. Otherwise, keep the default **Enabled**. **No Acknowledgement** If you want to disable the Router's acknowledgement feature so the router will not resend data if an error occurs, then keep the default **Disabled**. Otherwise, select **Enabled**.
Internet Access Priority	In this section, you can set Internet bandwidth priority for a variety of applications and devices. There are four levels of priority: High, Medium, Normal, Low. When QoS is enabled, by default set all applications to High, because this will defeat the purpose of allocating the available bandwidth. If you want to select below normal bandwidth, select Low. Depending on the application, a few attempts may be needed to set the appropriate bandwidth priority.
	Enabled/Disabled To use the Internet Access policies you set, select **Enabled**. Otherwise, select **Disabled**.
	Category There are five categories available. Select one of the following: Applications, Online Games, MAC Address, Ethernet Port, or Voice Device. Proceed to the instructions for your selection.
	To add an applications or online games: 1. Select the appropriate application or online game. 2. Select the appropriate priority: High, Medium, Normal, or Low. 3. Click **Add** to save your changes. Your new entry will appear in the Summary list.
	To add an new applications or online games: 1. Enter any name (maximum 12 characters) to identify 2. Enter the port range that the application will be using. For example, if you want to assign bandwidth to FTP (port 21-21), HTTP (port 80-80), and DNS (port 53-53), you need services for an application that uses from 1 [illegible] to 1 [illegible], enter your settings. You can have up to three ranges to define. In this case, [illegible] port number [illegible] 65535. Check your application's documentation or the service ports used. 3. Emperor Penguin

Aptenodytes forsteri

Emperor penguins are the largest penguins, standing about 4 feet (1.2 meters) tall.

Photograph courtesy Glenn Ramsfield and Joe Sharp
NOAA FERNS, GBA

Emperors are the largest of all penguins—an average bird stands some 45 inches (115 centimeters) tall. These flightless animals live on the Antarctic ice and in the frigid surrounding waters.

Penguins employ physiological adaptations and cooperative behavior in order to deal with an incredibly harsh environment, where wind chills can reach 76°F (-60°C).

Tiny huddle together to escape wind and conserve warmth. Individuals take turns moving to the group's protected and relatively toasty interior. Once a penguin has warmed a bit it will move to the perimeter of the group so that others can enjoy protection from the icy elements.

Emperor penguins spend the long winter on the open sea—and even breed during the harsh season. Females lay a single egg and then promptly leave it behind. They undertake an extended hunting trip that lasts some two months. Depending on the extent of the ice pack, females may need to travel some 50 mi. (80 kilometers) just to reach the open ocean, where they will feed on fish, squid, and krill. At sea, emperor penguins can dive to 1,850 feet (565 meters)—deeper than any other bird—and stay under for more than 20 minutes.

Male emperors keep the newly laid eggs warm, but they do not sit on them, as many other birds do. Males stand and protect their eggs from the elements by balancing them on their feet and covering them with feathered skin known as a brood pouch. During the two-month bout of babysitting the males eat nothing and live at the mercy of the Antarctic elements.

When female penguins return to the breeding site, they bring a belly full of food that they regurgitate for the newly hatched chicks. Meanwhile, their duty done, male emperors take to the ocean in search of food for themselves.

Wireless Quick Start Guide

To make a wireless connection between the HP printer and a wireless network, choose one of the following methods

Method 1 Use the HP printer software on the computer

Note Use this method if you have already installed the HP printer using a USB connection and want to convert to a wireless connection

1 Make sure you have installed the HP printer software on your computer and that the printer is not already connected to the network with an Ethernet cable.
2. Follow the instructions for your operating system

   Windows

   Click Start, click Programs or All Programs click HP click the folder for your printer click Printer Setup & Software click Convert a USB connection to Wireless, and then follow the onscreen instructions

   MAC OS X.

   Mac OS X Double-click the HP Utility icon (located in the Hewlett-Packard folder in the Applications folder at the top level of the hard disk) From the Devices menu click Setup New Device, and then follow the onscreen instructions

Method 2 Use the Wireless Setup Wizard on the printer's control panel

Note. To connect using this method you must have a wireless network set up and running

Tip. Find out the name of your wireless network (SSID) and wireless password (WEP Key or WPA password) if you are using security You can sometimes find them on the back or side of the wireless router if you have not changed them

1 Make sure the printer is not connected to the network with an Ethernet cable
2. On the printer touch Setup touch Network, touch Wireless Setup Wizard and then follow the onscreen instructions
3 After you have completed the Wireless Setup Wizard, add the printer on your computer

   If you have not yet installed the HP printer software Insert the HP software CD into your computer and then complete the following steps depending on your operating system

   Windows.

   When prompted click Wireless, and then follow the onscreen instructions

   MAC OS X

   Double-click the HP Installer icon on the software CD and then follow the onscreen instructions

   If you have already installed the HP printer software on your computer complete the following steps depending on your operating system

   Windows

   Click Start, click Programs or All Programs, click HP click the folder for your printer click Printer Setup & Software, click Connect a New Printer and then follow the onscreen instructions

   MAC OS X

   Mac OS X. Double-click the HP Utility icon (located in the Hewlett-Packard folder in the Applications folder at the top level of the hard disk) From the Devices menu click Setup New Device, and then follow the onscreen instructions

Tip

If you need further help, see the Getting Started Guide provided in-box with the printer visit the HP Wireless Printing Center (www.hp.com/go/wirelessprinting); or contact the person who set up your network

Follow the steps of the wizard to create an SSL certificate

Now you should have a certificate called cfadmin that you can use for the ColdFusion administrator website

Delete the default IIS website

A website is installed with IIS called Default Web Site. Right-click and select Remove.

Change the IIS application pool settings

By default, when a new website is added in IIS, it gets its own application pool. To be able to change the defaults used when a new application pool is created, click Application Pools in IIS Manager. In the Actions menu, click Set Application Pool Defaults.

Change the .NET Framework Version to No Managed Code if your websites do not require .NET

Under Process Model, change the identity to the IIS user that you created (for example, iusservice). You are prompted for the password of this user

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-510-545-0990 (a number in Northern California.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero: this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Proclamation

WATER RESTRICTIONS IMPOSED

for the remainder of Irrigation Season

WHEREAS, The Payson City Council is authorized to protect and provide for the public health, safety and general welfare of its citizens; and

WHEREAS, the City is experiencing extreme drought conditions with our pressurized irrigation system; and

WHEREAS, the Payson Lake reservoirs are at critical low levels and are not sufficient to sustain the Pressurized Irrigation System through the irrigation season; and

WHEREAS, section 10.5 of the Payson City Ordinance authorizes and empowers the Mayor during times of emergency to issue an order restricting the use of water; and

NOW, THEREFORE, I, Richard D. Adams, mayor of the City of Payson, do hereby declare that effective August 12, 2013, and continuing until the end of the irrigation season (September 30, 2013), the Citizens of Payson shall restrict watering with the Pressurized Irrigation system to three days each week as follows.

All water users with odd numbered addresses shall water only on Tuesday and Saturday.

All water users with even numbered addresses shall water only on Monday and Friday.

There shall be NO watering on Wednesday, Thursday and Sunday.

Watering times are from 6:00 p.m. to 10:00 a.m. Restrict watering times to 20 minutes or less per station or area.

Large water users, Churches, Schools and City parks will water during the day so that the residents will have sufficient pressure to water their properties.

City employees will be enforcing the water restrictions first with a warning and then with a citation. The first citation shall be considered an infraction with a recommended fine of $75. The second and subsequent citation shall be considered a Class C Misdemeanor and shall require mandatory court appearance in the Payson Justice Court and may result in a fine up to $750.00 and/or incarceration up to ninety (90) days.

Cross-connecting culinary water with pressurized irrigation water is illegal and can contaminate drinking water!

Election Judges Needed for the November 5, 2013 Municipal Election

Application available at the Payson City Center or www.paysonutah.org

2014 North Carolina Electronic Filing Instructions

These instructions are provided to help you understand and complete the final steps for electronically filing your North Carolina return. We highly recommend you print this for your reference.

You are responsible for confirming the status of your electronically filed return. You can confirm the status of your return by going to efstatus.taxact.com. You will need to enter the Primary Social Security Number and Last Name on the return along with the Zip Code.

Refund:
You have elected to receive your refund via direct deposit.

What to send after receipt of the North Carolina Acknowledgement:
You should keep Form D-400, wage and tax statements, and accompanying forms and schedules for your record. Do not mail Form D-400 to the North Carolina Department of Revenue. The North Carolina Department of Revenue will contact you if any other supporting documentation is needed.

THIS IS A TEST.

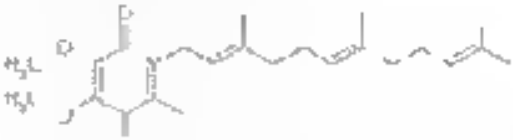
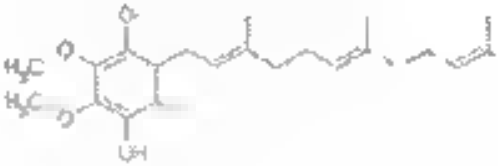
by Professor Karl Folkers and coworkers at Merck.[6][7]

Chemical properties

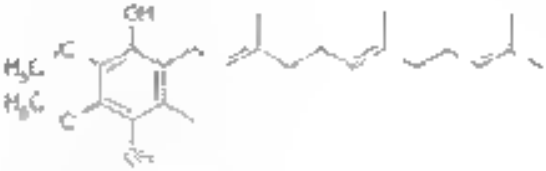
The oxidized structure of **CoQ** or **Q** is given here. The various kinds of Coenzyme Q can be distinguished by the number of isoprenoid side-chains they have. The most common CoQ in human mitochondria is Q_{10}. The image to the right has three isoprenoid units and would be called Q_3.



If Coenzyme Q is reduced by one equivalent, the following structure results: a **ubisemiquinone**, and is denoted **QH**. Note the free-radical on one of the ring oxygens (other oxygen may become a free-radical; in this case the top oxygen is shown as such).

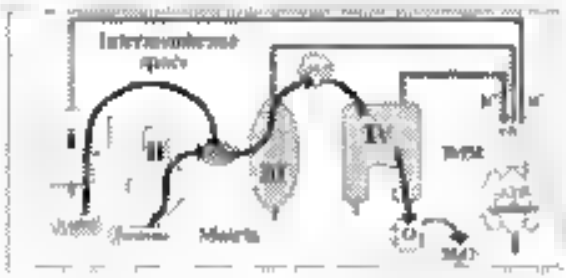


If Coenzyme Q is reduced by two equivalents, the compound becomes a **ubiquinol**, denoted **QH_2**.



Biochemical role

CoQ is found in the membranes of many organelles. Since its primary function in cells is in generating energy, the highest concentration is found on the inner membrane of the mitochondrion. Some other organelles that contain CoQ_{10} include endoplasmic reticulum, peroxisomes, lysosomes, and vesicles.



Electron transport chain ("UQ" visible in green near center.)

Supplementation

Because of its ability to transfer electrons and therefore act as an antioxidant, Coenzyme Q is also used as a dietary supplement. When one is younger the body can synthesize Q_{10} from the lower numbered ubiquinones such as Q_9 or Q_8. The elderly[9][10] and sick may not be able to make enough, thus it is possible that Q_{10} becomes a vitamin later in life and in illness.

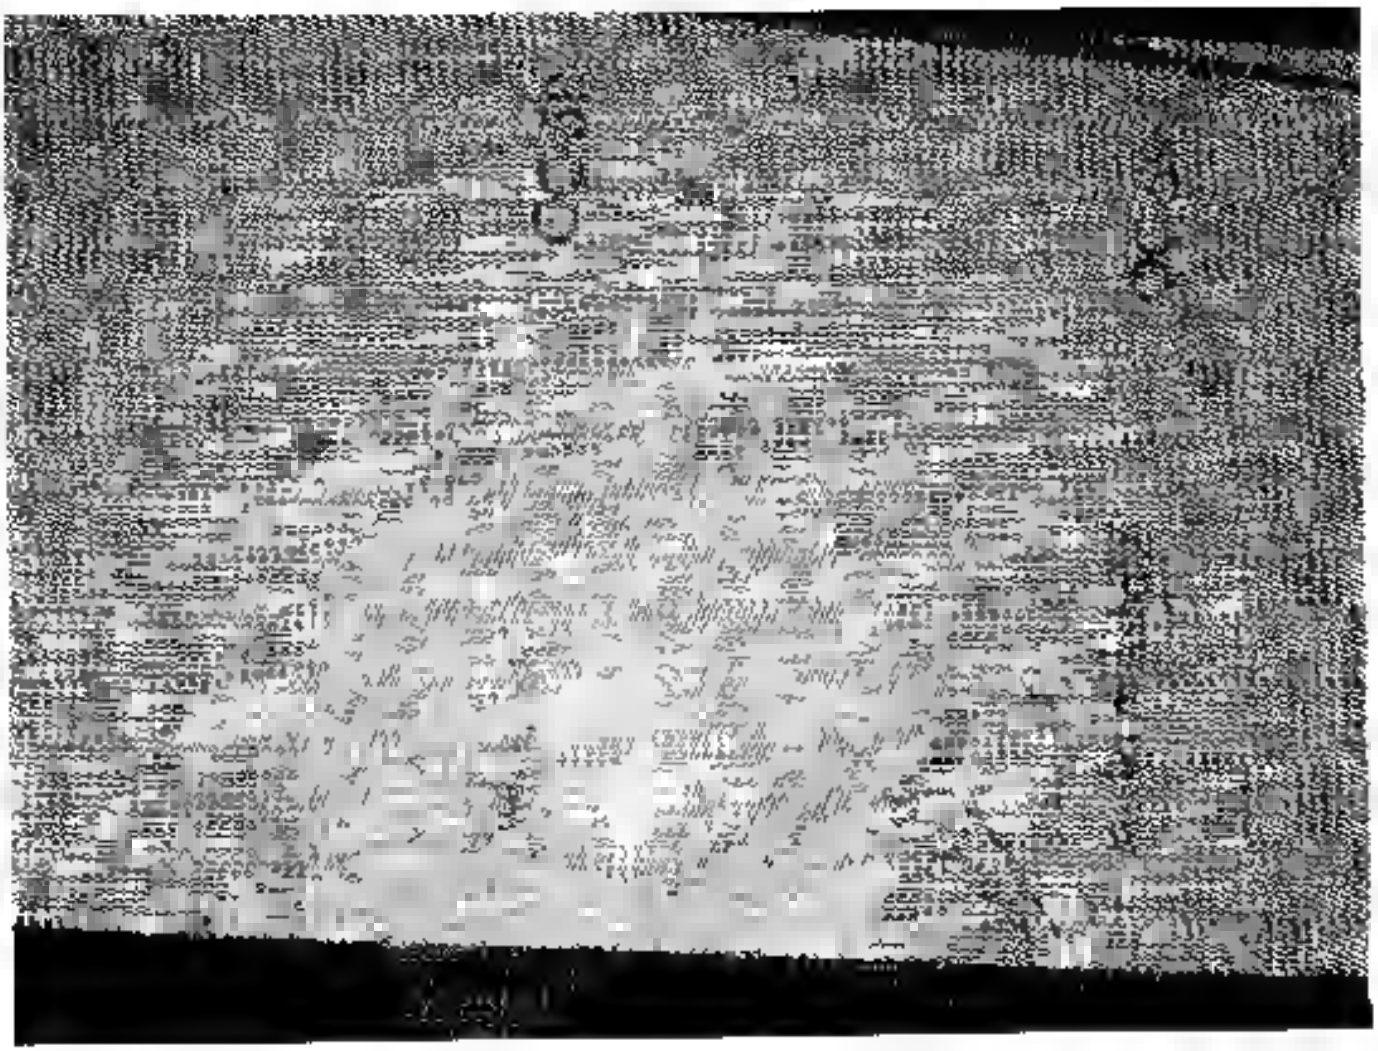
FIRST



be followed to reduce the risk of fire, electric shock, and personal injury.

Stay alert, watch what you are doing and use common sense when operating a power tool. Do not use tool while tired or under the influence of drugs, alcohol, or medication. A moment of inattention while operating power tools may result in serious personal injury.

Wear proper clothing. Do not wear loose clothing or jewellery. Contain long hair. **Keep your hair, clothing, and gloves away from moving parts.** Loose clothes, jewellery, or long hair can be caught in moving parts.

Avoid accidental starting. Be sure switch is off before plugging in. Carrying tools with your finger on the switch or plugging in tools that have the switch on invites accidents.

Do not overreach. Keep proper footing and balance at all times. Proper footing and balance enables better control of the tool in unexpected situations.

Use safety equipment. Always wear eye protection. Dust mask, non-skid safety shoes, hard hat, or hearing protection must be used for appropriate conditions.

Before connecting the tool to a power source (receptacle, outlet, etc.), be sure voltage supplied is the same as that specified on the nameplate of the tool. A power source with voltage greater than that specified for the tool can result in serious injury to the user as well as damage to the tool.

WARNING: The operation of any tool can result in foreign objects being propelled into your eyes, resulting in severe eye damage. When operating power tool, always wear safety goggles or safety glasses with side shields and a full face shield when needed.

WARNING: Remove adjusting keys or switches before turning the tool on. A wrench or a key left in a rotating part of the tool may result in personal injury.

WARNING: If any parts are missing, do not operate the tool until those parts have been replaced. Using a damaged or defective tool can result in serious personal injury.

ELECTRICAL SAFETY

- **Double insulated tools are equipped with a polarized plug (one blade wider than the other). This plug will fit in a polarized outlet only one way. If the plug does not fit in the outlet, reverse the plug. If it still does not fit, contact a licenced electrician to install a proper outlet.**
- **Avoid contact with grounded surfaces such as pipes, radiators, stoves, and refrigerators.** There is an increased risk of electric shock if your body is grounded.
- **Do not expose power tools to rain or wet conditions.** A wet power tool will increase the risk of electric shock.
- **Do not abuse the cord. Never use the cord to carry the tool, or to pull the**

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colors and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

FAX TEST

Spring is one of the four conventional temperate seasons following winter and preceding summer. There are various technical definitions of spring, but local usage of the term varies according to local climate, cultures and customs. When it is spring in the Northern Hemisphere, it is autumn in the Southern Hemisphere, and vice versa. At the spring, or vernal, equinox, days are approximately 12 hours long with day length increasing as the season progresses.

Spring and "springtime" refer to the season, and also to ideas of rebirth, rejuvenation, renewal, resurrection and regrowth. Subtropical and tropical areas have climates better described in terms of other seasons, e.g. dry or wet, monsoonal or cyclonic. Cultures may have local names for seasons which have little equivalence to the terms originating in Europe.

Form W-4 (2010)

Purpose. Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. Consider completing a new Form W-4 each year and when your personal or financial situation changes.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2010 expires February 16, 2011. See Pub. 505, Tax Withholding and Estimated Tax.

Note. You cannot claim exemption from withholding if (a) your income exceeds $950 and includes more than $300 of unearned income (for example, interest and dividends) and (b) another person can claim you as a dependent on his or her tax return.

Basic instructions. If you are not exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 further adjust your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-earners/multiple jobs situations.

Complete all worksheets that apply. However, you may claim fewer (or zero) allowances. For regular wages, withholding must be based on allowances you claimed and may not be a flat amount or percentage of wages.

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See Pub. 501, Exemptions, Standard Deduction, and Filing Information, for information.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See Pub. 919, How Do I Adjust My Tax Withholding, for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you may owe additional tax. If you have pension or annuity income, see Pub. 919 to find out if you should adjust your withholding on Form W-4 or W-4P.

Two earners or multiple jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others. See Pub. 919 for details.

Nonresident alien. If you are a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the amount you are having withheld compares to your projected total tax for 2010. See Pub. 919, especially if your earnings exceed $30,000 (Single) or $180,000 (Married).

Personal Allowances Worksheet (Keep for your records.)

A Enter "1" for **yourself.** If no one else can claim you as a dependent. — A _____

B Enter "1" if:
- You are single and have only one job; or
- You are married, have only one job, and your spouse does not work; or
- Your wages from a second job or your spouse's wages (or the total of both) are $1,500 or less. — B _____

C Enter "1" for your **spouse.** But, you may choose to enter "-0-" if you are married and have either a working spouse or more than one job. (Entering "-0-" may help you avoid having too little tax withheld.) — C _____

D Enter number of **dependents** (other than your spouse or yourself) you will claim on your tax return. — D _____

E Enter "1" if you will file as **head of household** on your tax return (see conditions under **Head of household** above). — E _____

F Enter "1" if you have at least $1,500 of **child or dependent care expenses** for which you plan to claim a credit. (**Note.** Do **not** include child support payments. See Pub. 503, Child and Dependent Care Expenses, for details.) — F _____

G **Child Tax Credit** (including additional child tax credit). See Pub. 972, Child Tax Credit, for more information.
- If your total income will be less than $61,000 ($90,000 if married), enter "2" for each eligible child, then "less" "1" if you have one or more eligible children.
- If your total income will be between $61,000 and $84,000 ($90,000 and $119,000 if married), enter "1" for each eligible child plus "1" **additional** if you have six or more eligible children. — G _____

H Add lines A through G and enter total here. **Note.** This may be different from the number of exemptions you claim on your tax return.) ▶ H _____

For accuracy, **complete all worksheets that apply.**
- If you plan to **itemize or claim adjustments to income** and want to reduce your withholding, see the **Deductions and Adjustments Worksheet** on page 2.
- If you have **more than one job** or are **married and you and your spouse both work** and the combined earnings from all jobs exceed $40,000 ($25,000 if married), see the **Two-Earners/Multiple Jobs Worksheet** on page 2 to avoid having too little tax withheld.
- If **neither** of the above situations applies, **stop here** and enter the number from line H on line 5 of Form W-4 below.

Cut here and give Form W-4 to your employer. Keep the top part for your records.

Form **W-4** — Department of the Treasury, Internal Revenue Service

11.7. HP JetDirect Interface

The HP JetDirect Interface is one of the most widely used for network printers. For this reason it also has the most widely known set of problems. The user is strongly urged to upgrade to the latest version of firmware available for the unit. Problems with older versions of firmware include system lockups that require powerup level resets.

Newer versions of the HP JetDirect Interface have a Web Browser based configuration system. After you have assigned an IP address to the printer you can connect to the configuration port and configure the printer using the browser. If you run into configuration problems then you will most likely need to use the Microsoft Windows based JetDirect Configuration Software to reset or reconfigure the printer.

Older HPJetDirect cards can be configured only through through the front panel or through a set of network files. Here is a summary of the methods used from UNIX systems, or to use when you are desperate to configure the printer.

11.7.1. Resetting To Factory Defaults

Most internal HP JetDirect print servers can be reset to factory defaults (or cold-reset) by turning the printer off and holding down the `Online` or `Go` button while turning the printer back on. The printer control panel display should read `Cold Reset Restoring Factory Settings` or something similar.

11.7.2. Setting Up IP Networking and Address

You can set the network address from the front panel. Reset the printer, put it in offline mode, and then use the MENU, +, SELECT keys as follows.

```
MENU  -> MIO MENU (use MENU to display MIO MENU)
ITEM  -> CFG NETWORK=NO*
+     -> CFG NETWORK=YES
ENTER -> CFG NETWORK=YES*
ITEM  -> TCP/IP=OFF* (use ITEM to display TCP/IP)
+     -> TCP/IP=ON
ENTER -> TCP/IP=ON*
ITEM  -> CFG TCP/IP=NO* (use ITEM to display TCP/IP)
+     -> CFG TCP/IP=YES
ENTER -> CFG TCP/IP=YES*
ITEM  -> BOOTP=NO*
    (Enable BOOTP if you want to - see below)
ITEM  -> IP BYTE 1=0*
    This is IP address MSB byte.
    Use +- keys to change values, and then ENTER to change
    Use ITEM keys to get IP BYTE=2..3,4
ITEM   > SM BYTE 1=255*

HP Fax Products - Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page

Test your fax machine

To test the capability of your fax machine follow the directions below.

> **NOTE**
>
> Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax Pressing ***82** before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail call blocking, or call privacy features.

> **NOTE**
>
> Whenever troubleshooting a fax issue It is good practice to set the ***Automatic Reports*** option to **Every Error** before attempting a test fax This way, even if the sent fax fails an error code will be generated that will guide you in future troubleshooting This option is available in different places on different products, consult the product *User's Guide* for specific steps

1. Send a one page black and white test fax to **1-888-hpfaxme** (1-888-473-2963)
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five

noix de pecane et les noisettes. Les tests sont demeurés négatifs pour les noix de Grenoble et les noix du Brésil.

Impressions

1 Allergie de type I aux noix qui semble surtout évidente pour les noix de Cajou et probablement aussi les pistaches. Elle a évidemment un risque de développer des hypersensibilités plus significatives aux autres noix même si les cuti réactions sont actuellement négatives sauf peut être pour les amandes qu'elle tolère de façon courante sans problème
2 Conjonctivite allergique reliée à son hypersensibilité aux lapins
3 Hypersensibilité démontrable au pollen d'herbe à poux et aux acariens qui pour le moment, semble demeurer asymptomatique

Suggestions

1 Elle devra éviter les noix sauf les amandes qu'elle pourra continuer d'ingérer de façon régulière en autant qu'il n'apparaisse aucune réaction
2 Un auto injecteur de type Allerject 0,3 mg se devra d'être disponible en tout temps
3 J'ai indiqué à la mère de surveiller l'impact éventuel des pollens et aussi des acariens auxquels elle est déjà sensibilisée. Un anti inflammatoire nasal topique pourra alors devoir lui être ajouté

Je vous remercie de m'avoir référé votre patiente en consultation. Veuillez agréer, cher docteur, mes salutations distinguées,

3.0 GENERAL LABELLING REQUIREMENTS

There are two main labels required for NHPs: the outer label and the inner label. An outer label means the label on or affixed to the outside of a package of a NHP. An inner label means the label on or affixed to an immediate container of a NHP. An immediate container means the container that is in direct contact with a NHP. When a proposed label text is submitted, the text corresponding to the inner and/or outer label must be clearly identified.

Leaflets or tags attached to the NHP are also considered labels and must comply with the outer labelling requirements. The outer and inner label must contain what is called a principal display panel. The principal display panel is that part of the inner or outer label that is applied to all or part of the principal display surface. This surface is the one that is displayed or visible under normal or customary conditions of sale or use. When a proposed label text is submitted, the text corresponding to the principal display panel on the inner and/or outer label must be clearly identified.

Principal Display Surface

Part or type of container displayed under normal conditions of sale or use	Principal display surface
Side or surface	Total area of such surface, excluding the top and bottom
Lid	Total area of the top surface of the lid
No side or surface	Any 40% of the total surface area that can be displayed, excluding the top and bottom
Bag with sides of equal dimensions	Total area of one of the sides
Bag with sides of more than one size	Total area of one of the largest sides
Wrapper or confining band too narrow to have a display surface	Total area of one side of a ticket or tag attached to the container

3.1 Outer Label Requirements

[*Natural Health Products Regulations*, sections 93(1) and (2)]

The following information is required on the outer label of a NHP:

On the principal display panel:

- brand name;
- product number;
- dosage form,
- the word "sterile" if the product is sterile, and
- net amount in the immediate container in terms of weight, measure or number.

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1-888 877 1655 or 1 503-200-1300

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1 888 877 1655 (your boss will never notice... maybe) or 1 503 200-1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll free number if you're in the USA.) Keep it clean & legal.

Fax single page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Privacy Policy. We hate spam and junk faxes, and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else.

Giving Medicine Using G-Tube

This handout is to help you and your family understand how to give yourself medicine through your gastrostomy [gas-TROS-tuh-mee] tube (G-Tube) after you go home.

Steps for giving medicine using G-Tube

1. Wash hands with soap and water
2. Get supplies: medicine, water, syringe, small medicine cup, and towel
3. Crush pills into a powder using a pill crusher. Always check with the pharmacist to make sure your medicines can be crushed and ask the pharmacy for liquid medicines when available.
4. In a small medicine cup, add water to the crushed medicine and mix well. Make sure medicine is mixed in with the water.
5. Sitting up: remove plug from G-Tube. You may kink the G-Tube to prevent stomach contents from coming out.
6. Attach syringe, pull back on the plunger and draw out some stomach contents.
7. Push down on plunger and return the stomach contents.
8. Flush G-tube with 30 ml of water.
9. Draw up the medicine into the syringe.
10. Attach syringe and push down on the plunger to give the medicine.
11. Flush G-tube with 5 to 30 ml of water between the giving of each medicine.
12. Flush G-tube with 30 ml of water after giving the last medicine.

CONVERGENCE

ADVERTISING, PAYMENTS & COMMERCE

by Greg Cohen

These days it seems mobile payments are being talked about constantly. A few columns back I wrote about mobile wallets and the race to control them. The debate continues about the future of NFC versus other communication protocols for mobile acceptance at the point-of-sale. The race is on to set standards and win share with consumers and merchant alike. But does paying with your phone versus a card really add much value? In a word, NO. What does add value however is the ability to send and receive personalized and locally relevant messages and offers and have them redeemed immediately. In short, if you can bring in new customers or get existing customers to spend more, you provide REAL value to a merchant. The ability to administer coupons, rewards, loyalty points and other value-added services or to increase customer throughput or satisfaction is a real win for everyone. Interestingly most of this value is traditionally delivered by organizations focused on advertising, not payments. In the new "mobile" world a real convergence between advertising and payments will occur. Are you prepared?

Traditionally merchants looked for advertising firms to drive their couponing and marketing efforts. In the "old world," merchants used companies such as Entertainment Book and Valpak to attract new clients. They advertised in newspapers and on TV and radio. Then the Internet came of age and merchants migrated to search engine optimization and Web marketing. Results were mixed but payments companies rarely got involved in marketing. That was left to the advertising firms. Coupons and offers were delivered in print and redeemed in the store in a very manual fashion. In the "new world," not only will offers be delivered directly to consumers' phones, they will be customized for individual consumers and redeemed at the point-of-sale through the same systems that processes credit cards.

PayPal rolled out their retail strategy a few weeks ago with the goal of delivering locally pertinent value to consumers and merchants through their phones. Geo-targeted mobile advertising, in store engagement, local search and loyalty are all key elements of the PayPal's "Demand Generation" strategy. Google's new Wallet provides consumers access to offers and promotions through Google Offers which can be redeemed at merchants accepting Google Single Tap. Visa and ISIS are working on similar couponing and loyalty applications that will be redeemed at the point-of-sale. It's quite obvious that the real value-add is advertising, a business foreign to most acquirers and ISOs. The challenge is that many advertising powerhouses will soon be entering the world of payments. As these entities look at our industry, it's critical that we begin to take a closer look at theirs. Partnerships and expertise need to be developed if you and your organization want to keep up in the new mobile world.

It will take a few years for all this to play out to its full extent but it's only logical that if a consumer receives something of value and a merchant gains a new customer, receives incremental spend from an existing customer or increases throughput and turnover real value is created. It's time to start understanding the world of local consumer advertising and marketing in greater detail. In this new commerce ecosystem, advertising is the value add and payments is merely the toll-road. ■

ROCK RIVER ARMS
MODEL LAR - 15 PISTOL MAGAZINES

2008-06-18

The purpose of this document is to clearly identify cartridge magazines specific to the Rock River Arms LAR-15 Pistol, which is a "handgun, commonly available in Canada" and which may have a magazine with a capacity of (not more than) ten rounds.

1. The Rock River Arms, LAR-15 Pistol qualifies as a "handgun, commonly available in Canada"

2. Each of the two patterns of cartridge magazine for this handgun, as manufactured by **C Products LLC**, have been deem of to be acceptable as a "handgun magazine" as both patterns meet the following criteria
   a) each of the two patterns of magazine. *(Proprietary information deleted from this reproduction)* **and,**
   b) the two patterns of cartridge magazine for this handgun, as manufactured. *(Proprietary info deleted from this reproduction).*

3. The two magazine designs that have been found acceptable as handgun magazines are held by the RCMP Firearms Support Services, Firearms Reference Table Section as "patterns". These particular designs are approved for use as "handgun magazines for a handgun commonly available in Canada"

4. As an assist to identification, the two different cartridge magazines which have been deemed acceptable as "a magazine for use in a handgun commonly available in Canada" bear the following identification markings on the body or magazine case applied at the time of manufacture by the manufacturer

a) <u>223 REMINGTON CALIBRE MAGAZINE</u>

RRA MODEL LAR 15 PISTOL MAGAZINE
223 REM/5.56 MM NATO 10 ROUND CAPACITY
deem

b) <u>9MM LUGER CALIBRE MAGAZINE</u>

RRA MODEL LAR 15 PISTOL MAGAZINE
9MM NATO 10 ROUND CAPACITY

NOTE: The two magazine designs with the above markings are deemed acceptable as "magazines for use in a handgun commonly available in Canada"; they do not qualify as "prohibited devices" and the further use of deem magazines in any other firearm is not regulated.

ALMA MATER

All hail, dear Alma Mater,
We sing our praise to you
High on Marye's Hilltop
You stand forever true
Born in truth and honor
You ever more shall be,
The model of our future years
And all eternity

Whene'er we have to leave you
We never will forget
The lessons you have taught us,
And all the friends we've met;
And we your sons and daughters
Will hold your name on high,
So here's to Mary Washington,
Our love will never die

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here s how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-888-877 1655 (a toll-free number in the United States.) When it s finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number Within a minute, your fax should appear on the site Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax

Almond Cake

Mix 3/4 cup melted butter with 1 1/2 cups sugar, add 2 eggs, 5 oz or 1/2 tsp salt, 1 1/2 cups flour and vanilla and almond flavoring. I don't have an exact count on the flavor eg but I think I use about a tablespoon each. Sprinkle almonds and sugar on top. Bake 30 minutes at 350. Enjoy and Merry Christmas. Catherine

whether the Promotion Calculation applies. Multiple protection agreements that are part of one deferred interest transaction are treated as one separate transaction.

The Minimum Payment Due may reflect adjustments to the New Balance. The Minimum Payment Due is never more than the Calculated New Balance plus two amounts. The first is any amount required by a promotional offer. The second is any amount required by the Promotion Calculation.

****

Deferred Interest Promotional Offer Update

From time to time, as a Sears card holder you may be offered special limited time only deferred interest promotional offers.

Deferred interest promotional offers include the following types of offers:

- No Interest if Paid in Full in 6 Months
- No Interest if Paid in Full in 12 Months
- No Interest if Paid in Full in 18 Months
- No Interest if Paid in Full in 24 Months
- No Interest if Paid in Full in 36 Months
- No Interest if Paid in Full by a specific date (for example, by December 31, 2012)

If the balance is not paid in full by the end of the promotional period, interest charges will be imposed from the purchase date at the variable purchase rate on your account which is 25.24% APR. Variable APRs are as of August 1, 2011 and will vary with the market based on the Prime Rate.

These offers are not available all the time and may be limited to specific merchandise and/or have minimum payment and purchase requirements as disclosed in the offer.

Your card agreement, the terms of the offer and applicable law govern these transactions including increasing APRs and fees and termination of the promotional period.

- 3/4 cup Fiber One™ Complete pancake mix (from 28.3-oz box)
- 1/2 cup milk
- 1/4 teaspoon vanilla
- 1 small apple, very thinly sliced
- 1 1/2 teaspoons cinnamon-sugar
- Maple-flavored syrup, if desired

1. Heat oven to 400°F. While oven is heating, melt butter in 9-inch glass pie plate in oven.
2. Meanwhile, in small bowl, beat egg with wire whisk or egg beater. Beat in pancake mix, milk and vanilla. Pour over melted butter in pie plate. Arrange apple slices on batter. Sprinkle with cinnamon-sugar.
3. Bake 15 to 20 minutes or until edges are deep golden brown. Serve warm with maple syrup.

Cancellation Policy
This is a special low rate for pre-paid reservations. Hotel cancellations or changes can be made at anytime outside of 72 hours before your Arrival Date and will be subject to a minimum $25 cancellation or change fee per room, however any changes for different dates will be based on availability and room rate prices may change based on available inventory at the time of the change request. Cancellations made within 72 dates of the arrival date are non-refundable. However please note that any reservations associated with room type offers stating "Non-refundable" the standard cancellation policy is not applicable and these room type offers cannot be refunded. Unused rooms and no-shows are non-refundable. Arrivals made on the check-in date are considered no-shows if you arrive after 11:59pm per hotel time at the hotel you booked. For any questions please contact our Toll-free Customer Service Center

Special Requests:
Your special requests are forwarded to the hotel. However these preferences are not guaranteed and are based on availability at the time of check-in.

PLEASE NOTE.
Please note that each room is part of an allocation that we have at the hotel under various agreements through our partners. This means that your name(s) may not be in the reservation system until seven days prior to your arrival, so if they have any questions please contact us and we can assist you.

FOR YOUR CHILD'S CONTINUED SAFETY

Please take a few moments to promptly fill out and return the attached card (or register online using the direct link to the manufacturer's registration website provided).

3 Control panel setup

LAN menu

Before using your Brother product in a network environment, you need to configure the correct TCP/IP settings.

In this chapter, you will learn how to configure the network settings using the control panel located on the front of the machine.

The LAN menu selections of the control panel allow you to set up the Brother machine for your network configuration. Press **Menu**, then press ▲ or ▼ to choose LAN. Proceed to the menu selection you wish to configure. See *Function table and default factory settings* on page 48.

Please note that the machine is supplied with the BRAdmin Light utility and Remote Setup applications for Windows® and Macintosh®, which also can be used to configure many aspects of the network.

TCP/IP

If you connect the machine with an Ethernet cable to your network, use the Wired menu selections. If you connect the machine to a wireless Ethernet network, use the WLAN menu selections.

This menu has ten sections: BOOT Method, IP Address, Subnet Mask, Gateway, Node Name, WINS Config, WINS Server, DNS Server, APIPA and IPv6.

BOOT Method

This selection controls how the machine obtains an IP address. The default setting is Auto.

Note

If you do not want your print server configured via DHCP, BOOTP or RARP, you must set the BOOT Method to Static so that the print server has a static IP address. This will prevent the print server from trying to obtain an IP address from any of these systems. To change the BOOT Method, use the machine's control panel, BRAdmin Light utility, Remote Setup or Web Based Management (web browser).

1. Press **Menu**.
2. Press ▲ or ▼ to choose LAN.
   Press **OK**.
   (MFC-7440N and MFC-7840N) Go to 4.
   (MFC-7840W) Go to 3.
3. (MFC-7840W only)
   (For Wired) Press ▲ or ▼ to choose Wired.
   (For Wireless) Press ▲ or ▼ to choose WLAN.
   Press **OK**.
4. Press ▲ or ▼ to choose TCP/IP.
   Press **OK**.

LG Electronics, Inc.
Display Limited Warranty – USA

Your LG Display will be repaired or replaced in accordance with the terms of this warranty, at LGE's option, if it proves to be defective in material or workmanship under normal use, during the warranty period ("Warranty Period") listed below, effective from the date ("Date of Purchase") of original consumer purchase of the product. This warranty is good only to the original purchaser of the product and effective only when used in the United States, excluding U.S. Territories.

WARRANTY PERIOD	HOW SERVICE IS HANDLED
LABOR and PARTS: 1 YEAR from the Date of Purchase **PANEL: 2 YEARS** from the Date of Purchase. Your unit will be repaired or replaced with a new, substitute model or factory reconditioned unit, at LGE's option. If repaired, parts used in the repair may be new or remanufactured. Replacement Units and Repair Parts are warranted for the remaining portion of the original unit's warranty period. **EFFECTIVE DATE OF WARRANTY** Your warranty period begins on the date of sale to the original consumer/end user. KEEP THE DEALER'S DATED BILL OF SALE OR PROOF OF DELIVERY as evidence of the purchase date. You will be required to submit a legible copy of your bill of sale or proof of delivery when requesting warranty service.	**Please retain** dealer's dated bill of sale or delivery ticket as evidence of the Date of Purchase for proof of warranty, and submit a copy of the bill of sale to the service person at the time warranty service is provided. **Please Call 1-800-243-0800** (24 hours a day, 365 days per year) for instructions on getting the defective unit repaired or replaced. Visit our website at **http://www.lgservice.com**

THIS WARRANTY IS IN LIEU OF ANY OTHER WARRANTY, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. TO THE EXTENT ANY IMPLIED WARRANTY IS REQUIRED BY LAW, IT IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD ABOVE. NEITHER THE MANUFACTURER NOR ITS U.S. DISTRIBUTOR SHALL BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, INDIRECT, SPECIAL, OR PUNITIVE DAMAGES OF ANY NATURE, INCLUDING WITHOUT LIMITATION, LOST PROFITS, LOST OR CORRUPTED PROGRAMMING OR DATA, OR ANY OTHER DAMAGE WHETHER BASED IN CONTRACT, TORT, OR OTHERWISE. Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above exclusion or limitation may not apply to you. This warranty gives you specific legal rights and you may also have other rights that vary from state to state.

CONCERNING PIXEL FUNCTIONALITY: Your display contains about one million of individual pixels. Your display typically contains a small number of pixels that do not function normally. Your display has been inspected and is in compliance with manufacturer's specifications, indicating that any pixel defects do not affect the operation or use of your display.

IMPORTANT: Please fill out and mail in your Product Registration Card or go to **www.lgservice.com / www.lgcommercial.com** to register your product online. This information will allow us to reach you promptly should we discover a safety or reliability problem that could affect you.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

What Name and Number To Give the Requester

For this type of account:	Give name and SSN of:
1. Individual	The individual
2. Two or more individuals (joint account)	The actual owner of the account or, if combined funds, the first individual on the account[1]
3. Custodian account of a minor (Uniform Gift to Minors Act)	The minor[2]
4. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee[1]
b. So-called trust account that is not a legal or valid trust under state law	The actual owner[1]
5. Sole proprietorship or disregarded entity owned by an individual	The owner[3]
6. Grantor trust filing under Optional Form 1099 Filing Method 1 (see Regulation section 1.671-4(b)(2)(i)(A))	The grantor[4]
For this type of account:	**Give name and EIN of:**
7. Disregarded entity not owned by an individual	The owner
8. A valid trust, estate, or pension trust	Legal entity[4]
9. Corporation or LLC electing corporate status on Form 8832 or Form 2553	The corporation
10. Association, club, religious, charitable, educational, or other tax-exempt organization	The organization
11. Partnership or multi-member LLC	The partnership
12. A broker or registered nominee	The broker or nominee
13. Account with the Department of Agriculture in the name of a public entity (such as a state or local government, school district, or prison) that receives agricultural program payments	The public entity
14. Grantor trust filing under the Form 1041 Filing Method or the Optional Form 1099 Filing Method 2 (see Regulation section 1.671-4(b)(2)(i)(B))	The trust

List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

[1] Circle the minor's name and furnish the minor's SSN.

[2] You must show your individual name and you may also enter your business or "DBA" name on the "Business name/disregarded entity" name line. You may use either your SSN or EIN (if you have one), but the IRS encourages you to use your SSN.

[3] List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.) Also see *Special rules for partnerships* on page 1.

[4] **Note.** Grantor also must provide a Form W-9 to trustee of trust.

Note. If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: *spam@uce.gov* or contact them at *www.ftc.gov/idtheft* or 1-877-IDTHEFT (1-877-438-4338).

Visit *IRS.gov* to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

I Picked em because they re pretty like you,
I knew you d like em especially the blue"

I said "Son, I m very sorry for the way I acted today
I shouldn't have yelled at you that way

He said, 'Oh Mom, that s okay
I love you anyway"

I said "Son I love you too and
I do like the flowers especially the blue"

Are you aware that if we died tomorrow
the company that we are working for could easily
Replace us in a matter of days

But the family we left behind will fill the loss for
the rest of their lives. And come to think of it, we
pour ourselves more into work than into our own
family—an unwise investment indeed,
don t you think.

So what is behind this story? Do you know what the
word family means?

Family=3D(F)ather(A)nd(M)other,(I) (L)ove(Y)ou"

十一、人參不是一種特定的藥：

一般產成藥品，是依某種特定症狀，標製成。例如感冒藥，通常以具有退燒、止痛、止咳、鎮靜作用的藥品而組合。

人參非憑藉單獨的特定成分來治療某種特定症狀，而是具有改善全身性症狀的優良效果，最重要的是它能使人體機能恢復平衡的機能，進而維持身體各部位的健康。人參是，補益本的良藥。

「人參對美容的效果」

隨著代謝，會出現的皮膚粗糙、黑斑、雀斑、皮膚相關等有關的疾病，人參中的有效成分會被皮膚吸收，而使皮下微血管的血液循環，因此服用人參，可以消除皮膚粗糙，使皮膚恢復光澤。如因外來刺激如刀傷及擦傷，將人參直接塗抹在傷口上，傷口便會早日結痂而治癒。

許多因工作場所，被的人有服用人參的必要，用人參煎熬液直接塗抹在臉上，便可早日消除

Processing Carpet

Carpets that have come from stores or shops that have benches located over or very near them can be very profitable to process but care must be exercised to insure that the carpet in mind has been exposed to traffic areas directly linked to manufacturing. If a store has done nothing more than polish (buff) jewelry, chances are very good that you will invest a few days work for nothing. Without traffic related to a bench, it is highly unlikely that gold will be found in a profitable amount in carpet. Likewise, if the carpet in question is not of the proper consistency, not much should be expected from it. Thick loose woven carpets, such as shag, are very good. A carpet resembling felt naturally wouldn't hold much gold. Good sense should be the rule.

Grading Carpet

Wool carpets are very difficult to process because they tend to not incinerate well. Avoid them if at all possible. Synthetic carpets are normally processed easily, though you will see differences in them. Some are easier than others, but they all run well.

To make a decision to run a carpet is somewhat difficult, as there is no sure way to determine if carpet has enough value to justify the time and expense to process it. The only thing you can do is take a sample from an AVERAGE area and see if it contains values. Don't do your checking for gold under a jewelers bench. For sure, you will find gold there. Check other areas to see how widely spread the gold is. A quick visual test can be performed by cutting out about a square foot area and bending the carpet back to back and see what drops out. If you don't find any fine gold particles (filings), there is a pretty good chance the carpet will be a loser and shouldn't be run. You will have to make that decision, and as you see more carpets you will feel more confident in doing so. If not much is found in an average area it might be a good idea to take what is under and near any manufacturing benches and leave the rest. Benches should not be confused with display counters. The exception to that would be if the bench person serves the counter, the rear area that the bench person occupies could be loaded with gold while the other side (customer side) would be totally absent of gold. Use good judgment when doing your investigation.

If you determine a carpet might be worth processing, try to take carpet that has come from work person traffic areas only. It doesn't make sense to take carpet that has always had a display cabinet on it, as there is no way that anything could have

Extension: Have the older children make a picture of a pumpkin or jack-o-lantern	*Extension: "Cook" the seeds. Clean seeds well before beginning. Mix the pumpkin seeds with 1 tbs. Of salt & 1 ¼ tbs. of melted butter. Spread the mixture onto a cookie sheet. Bake at 375 degrees until golden brown. This should take approx. 35 minutes*			
Ask the children to share their experiences picking pumpkins, cleaning out the seeds and carving a jack-o-lantern. If possible, read a story about picking and carving pumpkins.	Remove the seeds from a pumpkin with the children. Give all the children an opportunity to hold and examine the seeds and pulp that is removed. If possible, carve the pumpkin into a jack-o-lantern.	Use pumpkin seeds to practice counting skills. Write numbers on small cards or pumpkins (made from construction paper). Have the children count out the correct number of seeds for each card. You may want to assist some children in counting the seeds.	Have the children glue dipped in paint or orange construction paper or tissue paper to paper plates. Use green construction paper for the stem. Even the youngest children can rip up the paper but you will have to guide their hands in gluing on the pieces. Windows® Fax és képolvasó szolgáltatás

Dokumentumok faxolása és beolvasása – egyetlen helyen

FAX Számítógépével külön faxkészülék nélkül küldhet és fogadhat faxokat, valamint egyszerűen nyomtathatja, továbbküldheti és másolhatja azokat.

A szolgáltatás használatához:

1. Csatlakoztasson egy telefonkábelt a számítógéphez.

   Ha számítógépéhez külső modemet használ, a telefonkábelt csatlakoztassa a modemhez, majd a modemet csatlakoztassa a számítógéphez.

2. Kattintson az eszköztár **Új fax** gombjára.

3. A faxmodemhez tartozó csatlakozásokat kövesse a telepítővarázsló utasításai. A telepítés végeztével nyomtban tetszőleges faxokat.

Ha modem helyett faxkiszolgálóhoz szeretne csatlakozni, lépjen kapcsolatba a rendszergazdával. A faxolással kapcsolatos tájékoztatás az eszköztár **Súgó** gombjára kattintva kaphat.

KÉPOLVASÁS A számítógéphez csatlakoztatott képolvasóval megtekintheti a beolvasandó dokumentumok előnézeti képét, az optimális végeredmény érdekében pedig a beolvasási beállításokat is módosíthatja. A beolvasott dokumentumokat akár e-mailben vagy faxként is továbbküldheti.

A szolgáltatás használatához:

1. Csatlakoztassa a képolvasót a számítógéphez a vonatkozó utasításoknak megfelelően, majd helyezzen egy dokumentumot vagy képet a képolvasóba.

2. Kattintson a Windows Fax és képolvasó ablak bal oldali ablaktábláján található **Beolvasás** gombra.

3. Kattintson az eszköztár **Új beolvasás** gombjára.

4. Adja meg a kívánt beolvasási beállításokat, majd kezdje meg a beolvasást.

Az eszköztár további gombjával könnyedén faxolhatja, nyomtathatja, másolhatja, illetve e-mailben továbbküldheti a beolvasott dokumentumokat. A képolvasással kapcsolatos további tájékoztatást az eszköztár **Súgó** gombjára kattintva kaphat.

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1-855 330-1239 or 1 213-294-2943

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1 855-330 1239 (your bets will have mixed results maybe) or 1 213 294 2943 (long distance to Los Angeles California) and it should appear here within a couple of minutes. (It's a toll free number if you're in the USA.) Keep it clean & legal.

Fax single page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Privacy Policy. We hate spam and junk faxes, and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else.

The tragedy of Romeo and Juliet

Queen Elizabeth was Queen of England and Ireland from the 17th of November 1558 until her death on the 24th of March, 1603. She was the fifth and last monarch of the Tudor dynasty. She was also known as The Virgin Queen or Good Queen Bess. She was the daughter of Henry VIII and Anne Boleyn. Queen Elizabeth had been born a princess, but because her mother, Anne Boleyn, had been executed three years after her birth on account of adultery and incest, she was put aside and declared illegitimate by her father for her brother Edward VI, the son of Henry VIII and Jane Seymour. Edward was only ten years old when he became king, so the kingdom was ruled by a Regency Council, and died five years later of tuberculosis. Queen Elizabeth was cut out of her brother's will, but the will was set aside and her half sister Mary I succeeded him briefly. Queen Mary I is also known as Bloody Mary during her reign, due to the fact that she tried to change the country's entire religion to Catholic after her mother's religion, and ended up having to put a lot of people to death because they rose up against her. Queen Mary I is the first daughter of Henry VIII and of his first wife, the Princess of Spain, Catherine of Aragon. She was supported well by her uncle and relatives in Spain. After her death, and because Mary had not produced any heirs, the throne passed to Elizabeth. Elizabeth was left to clean up the mess that her sister had left her. She ruled for the good of the people, and a lot of people supported her, mostly because she didn't try to change the country's religion and that she set out to rule by good counsel, meaning, all of her decisions were passed through a group of advisors first, to see what they thought before actually taking place. Elizabeth became famous for the fact that she was the Virgin Queen, the queen that never took a husband or had any children. One of her first moves as queen was to support the establishment of an English Protestant Church, of which she became Supreme Governor. This church later became the well known Church of England. Elizabeth never married or had any children, and no one still knows why, though this was very much debated. It was rumored that she might have taken a lover that would not have been approved by her council. But either way, as Elizabeth grew older, this was what she became famous for. Her rule was famous and was called the Elizabethan era, famous above all for the new flair for English drama, led by playwrights such as William Shakespeare and Christopher Marlowe. All in all, in response to the question, Queen Elizabeth I was famous for establishing the Church of England, being one of the first monarchs to rule for the good of the people, rather than on her own whim and will, starting a new era (named after her in her honor) of English drama, and being the Virgin Queen, the queen that never married.

With the establishment of the Church of England, Elizabeth was viewed at home and abroad as a Protestant ruler. Although she did not face considerable problems earlier in her reign, when Mary Queen of Scots, a devout Catholic and claimant to the English throne, arrived in England in 1568 Catholic dissention quickly broke out. Countless plots to overthrow Elizabeth and seat Mary were schemed. In 1587, Elizabeth's counselors finally convinced her to execute Mary on charges that she had plotted to overtake the throne.

Dealing with Difficult People

How to Communicate with Tact and Skill

A ONE-DAY SEMINAR COMING TO YOUR AREA

Never again fall victim to those who love to make life miserable for the rest of us:

- You'll learn why they do what they do
- You'll find out exactly what to say and do in specific situations.
- You'll become a lion of respect for their books and tactics.
- You'll see how to bring out the best in even the worst situations.

And all this will increase your productivity, improve your relationships, reduce your stress, improve your health, reduce your sick days, fill the pound sign, etc.

This is a day of intensive training with immediate payoffs.

For a lot less than others charge for knowledge, experts, expert "nice" people, "not" people and "of the other country" characters you run into every day.

Course content on page 2.

I learned more about how to deal with people in one day than I have during all my years in the workplace. I wish I had attended this training several years ago — it would have saved me a lot of heartbreak and aggravation in the workplace.

Express Enrollment!

How To Appeal

There are three ways to appeal. You can pick the one you want. If you meet with us in person, it may help us decide your case.

- Case Review. You have a right to review the facts in your file. You can give us more facts to add to your file. Then we'll decide your case again. You won't meet with the person who decides your case.

- Informal Conference. You'll meet with the person who decides your case. You can tell that person why you think you're right. You can give us more facts to help prove you're right. You can bring other people to help explain your case.

- Formal Conference. This is a meeting like an informal conference. The difference is we can make people come to help prove you're right. We can make them bring important papers about your case even if they don't want to help you. You can question these people at your meeting.

If You Want Help With Your Appeal

You can have a friend, representative or someone else help you. There are groups that can help you find a representative or give you free legal services if you qualify. There are also representatives who do not charge unless you win your appeal. Your local Social Security office has a list of groups that can help you with your appeal.

If you get someone to help you, please let us know. If you hire someone, we must approve the fee before he or she can collect it.

If You Have Questions

For general information about SSI, please visit our website at www.socialsecurity.gov on the Internet. You will find the law and regulations about SSI eligibility and payments at www.socialsecurity.gov/SSIrules/.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents

- PDF files *always print correctly* on any printing device.

- PDF files always display *exactly* as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software, and version incompatibilities.

- The free Acrobat Reader is easy to download and can be freely distributed by anyone

- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web

Dropbox Quick Start

What Is Dropbox?

Dropbox is a free service that lets you bring all your photos, docs, and videos anywhere. Any file you save to your Dropbox will also automatically save to all your computers, phones, and even the Dropbox website. This means that you can start working on your computer at school or the office, and finish on your home computer. Never email yourself a file again.

The Dropbox Folder

After you install Dropbox on your computer, a Dropbox folder is created. If you're reading this guide, then that means you don't have a problem finding your Dropbox folder. This folder is just like any other folder on your computer but with a twist. Any file you save to your Dropbox folder is also saved to all your other computers/phones, and the Dropbox website.

Other than your Dropbox folder, you can find out if you've saved to your Dropbox folder by

Green circle and check: All the files in your Dropbox are up to date.

Blue circle and arrows: Files in your Dropbox are currently being uploaded.

CancerTYPE ID

Molecular Classification with CancerTYPE ID

FFPE Tissue Processing & Tumor Enrichment

- CancerTYPE ID requires as few as 300-500 viable tumor cells and is compatible with limited biopsy specimens such as FNAs, cytological specimens, and small core needle biopsies.
- CancerTYPE ID routinely employs laser guided microdissection to enrich for tumor specimen.

Gene Expression Profiling

- CancerTYPE ID uses a robust real-time RT-PCR platform to detect very small differences in gene expression.
- CancerTYPE ID measures and integrates the gene expression of 92 genes, 5 normalization genes and 87 lineage determinant and tissue specific genes, most of which are not routinely measured by IHC.

Reference Tumor Database & Algorithm

- CancerTYPE ID uses a computational algorithm to predict the patient's tumor type based on the degree of similarity of the sample's 92-gene expression profile to a reference database of gene expression profiles. The reference database contains gene expression information from over 2,000 tumor specimens of known histogenesis, and representing ~95% of all solid tumors based on incidence.
- The CancerTYPE ID algorithm provides a predicted main type and any sub-types in rank-order by relative probabilities, which are based on the tumor's gene expression similarity to tumors of these types in the reference database.

Molecular Classification

- CancerTYPE ID classifies 28 tumor types and 50 tumor subtypes.
- In an independent validation of 796 blinded samples, the molecular diagnosis was 87% accurate for main tumor type and 82% accurate for tumor subtype.

SAMPLE TEST REPORT

Interpreting CancerTYPE ID Test Results

MOLECULAR DIAGNOSIS
The tumor type with the highest probability is reported as the molecular diagnosis. In this example, the patient's tumor has 90% probability of matching a squamous cell carcinoma (skin lung subtype) within the CancerTYPE ID reference database. If the highest probability is <70% the tumor is reported as indeterminate. In this case, the test report will still indicate tumor types that can be ruled out and those that cannot be excluded.

CAN NOT BE EXCLUDED
When applicable, tumor types from the CancerTYPE ID reference database that share some gene expression profile similarity to the patient's sample such that they cannot be excluded from diagnostic consideration will be listed here in relative rank order.

RULE OUTS
The CancerTYPE ID test report also lists tumor types that can all be ruled-out with 95% confidence. In an independent validation of 796 blinded samples, the rule-outs were 99% accurate. This may provide useful differential diagnostic information when two or more potential tumor types are suspected and one or more cannot be indicated in the rule outs.

CCITTの概要

沿革

CCITTは、国際電気通信連合（ITU）の四つの常設機関（事務総局、国際無線諮問委員会、CCIR、CCITT）の一つとして、ITUの中でも、世界の国際通信上の問題を解決、取上げ、その解決方法を勧告して行く重要な機関である。日本名は、国際電信電話諮問委員会と称する。

CCITTの前身は、CCIF（国際電信諮問委員会）とCCIT（国際長距離電話諮問委員会）である。CCIFは、1924年にヨーロッパに、国際長距離電話通信諮問委員会」が設置され、これが1925年の「ヨーロッパ電信電話会議のとき、正式に「諮問委員会」として万国電信連合の公式機関となったものである。CCITは、同じく1925年「会議のとき、CCIFと併存するものとして設置された。

そして、CCIFは、1956年の12月、第15回総会が開催されたのち、CCITは、翌年四月に第6回総会が開催されたのち、併合されて現在のCCITTとなった。このCCITTは、CCIFとCCITが解散した後、第1回総会を開催し、第2回総会は、1960年にニューデリーで、第3回総会は、1964年、ノルウェーで、第4回総会は、1968年、アルゼンチンで開催された。

CCIFとCCITが合併したのは、有線電気通信の分野、とくに伝送路について電話回線と電信回線とを技術的に分ける意味がなくなってきたこと、各国とも大部分において、電話事業と電信事業は同一組織内にあること、CCIFの事務局とCCITの事務局の合併による能率増進等がおもな理由であった。

CCITTは、上述のようにヨーロッパ内の国々によって、ヨーロッパ内の電信・電話の統制、運用、料金の協議を定の、あるいは同一を始めてきたので、開発途上国でも、その影響を受け、各会員国は、ヨーロッパの国が多く、ヨーロッパで生起する問題の発生が多い。たとえば、1968年のCCITT勧告の中で、技術上配慮する問題は約2,600頁であったが、これはヨーロッパ内部事情を反映したものである。

しかしながら、1960年9月に敷設された大西洋横断電話ケーブルは、大陸間電話網の自動化および半自動化への技術的可能性を与え、CCITTがこの問題を取り上げるに至り、CCITTの勧告は順次、世界的共通性を要求するに帰ぶるに示した。この既述的性格は第2次世界大戦後目ざましくなったアジア、アフリカ諸民族の独立に伴ってITUの構成員の中に、これらの国が参加し、ITUの中に新しい意見が導入されたことにも関連して、各国間、政府間の双方から参入されてきた。CCITTの世界化は、1963年の第2回総会がニューデリーで開催されたことにもあらわれている。この総会までは、CCITTCCIFのいずれにしろ、ダクトやアンテナで総会が開催されたことがなく、CCITT委員長も、ニューデリー、総会の議長文書で、この点には注目すべきであるとのべている。

組織

ITUは、全権委員会議、主要行政会議を開催として、七つの機関をもち、それぞれの機関の役割と任務は全国電気通信条約に明記されている。そこで条約を参照してみるならば、CCITTの任務は、つぎのとおりとなっている。

「国際電信電話諮問委員会（CCITT）は、電信および電話に関する技術、運用および料金の問題について研究し、および意見を勧告することを任務とする。」（1965年モントルー条約第167号）

「各国際電信会議は、その任務の遂行にあたって、各国または発展の途上にある国における地域的および各種の分野にわたる電気通信の発展、場合および需要に応じ適当のある問題について研究し、および意見を作成するように適当な任務を与えなければならない。」（同第138号）

「各国際電信諮問委員会は、また、諮問課題の要旨に基づき、その専門電気通信の問題について研究と、かつ、調査を行なうことができる。」（同第139号）

上記第137号と第139号といわれる「意見」とは、フランス語の avis から出しているので、英語では「勧告（recommendation）」となっている。CCITTの定義する意見は、国際法的には強制力をもたないものであって、この点が、条約、各国規則、電気通信等各国を拘束する力をもっているものと異なる。しかしながら、意見は、技術的分野では、各国強制のごとき、各国政府が承認してその内容を実施する強制義務をもたないので、実際にある証明の仕方を定める場合には、多くの国の意見が各一致されたその「意見」に合わなければ、国際的国際通信を行なうことができない場合が多い。この意見（または勧告）は、国際通信を行なう場合を直接に拘束する電信について、具体的意見を勧告するもので、たとえば、大陸間ケーブルで大陸間通話を半自動化しようとする場合、その信号方式や取り扱う通信の各種および料金は、どのようにするかを研究して意見を勧告する。したがって、CCITTの活動は、つねに時代の要求を行くもので、CCITTの勧告方向は、そのまま世界の国際通信の勧告方向であるといえる。

この意見は、また、電信電話以下のその他の規則のごとく、数年以上の期間をもって実施される主管庁会議というような大会議の決定をまたなくても勧告することができ、また、その改正も容易であるので、現在の2年に進歩の多い国際通信では、関係諸の意見を調一した国際的見解としては非常に便利である。

GAS SUPPLY

Check all local codes for requirements, especially for the size and type of gas line required.

Recommended Gas Pipe Diameters

Pipe Length	Schedule 40 Pipe Inside Diameter		Tubing, Type L Outside Diameter	
	Nat.	L.P.	Nat.	L.P.
0 to 10 feet 0-3 meters	1/2" 12.7mm	3/4" 9.5mm	1/2" 12.7mm	3/8" 9.5mm
10-40 feet 4-12 meters	1/2" 12.7mm	1/2" 12.7mm	3/4" 19.0mm	1/2" 12.7mm
40-100 feet 11-30 meters	1/2" 12.7mm	1/2" 12.7mm	3/4" 19mm	1/2" 12.7mm
100-150 feet 31-46 meters	3/4" 9mm	1/2" 12.7mm	7/8" 22.2mm	3/4" 19mm

NOTICE: Never use plastic pipe. Check to confirm whether your local codes allow copper tubing or galvanized.

NOTICE: Since some manufacturer have disconnected local codes, it is always best to consult your local authority and installation code.

Installing a New Main Gas Cock

Each appliance should have its own manual gas cock.

A manual main gas cock should be located in the vicinity of the appliance. Will keep it closed at all times, or where its access or location is not adequate contact your local authorities regarding installation or relocation.

Compounds used on threaded joints or gas piping shall be resistant to the action of liquefied petroleum gases. The gas lines must be checked for leaks by the installer. This should be done using a soap solution watching for bubbles on all connected connections, and if unexposed, a pressure test should be made.

⚠ WARNING

Never use an exposed flame to check for leaks. Appliance must be disconnected from piping at inlet of control valve and pipe capped or plugged for pressure test. Never pressure test with appliance connected, control valve will sustain damage!

A gas valve and ground joint union should be installed in the gas line upstream of the gas control in accordance with the National Fuel Gas Code that a sediment trap be installed ahead of the gas inlet. This should consist of a vertical length of pipe tee connected into the gas line the bottom of the tee capped or the bottom of the tee connection used for foreign particles to collect.

The use of flexible gas connectors is recommended.

- ANSI Z21.24 Standard for Connectors for Corrugated Metal Tubing and Fittings
- ANSI Z21.45 Standard for Flexible Appliance Connectors of Other Than All-Metal Construction

The above flexible connectors may be used if acceptable to the authority having jurisdiction. The length of the connectors required will be from the appliance connection cannot exceed more than 6 feet in length.

Pressure Testing of the Gas Supply System

1. To check the inlet pressure at the gas valve, a 1/8" (3mm) NPT plugged tapping accessible for test gauge connection must be installed immediately upstream of the gas supply connection to the appliance.
2. The appliance and its individual shutoff valve must be disconnected from the gas supply piping system during any pressure testing of that system at test pressures in excess of 1/2 psig (3.5 kPa).
3. The appliance must be isolated from the gas supply piping system by closing its individual manual shutoff valve during any pressure testing of the gas supply piping system at test pressures equal to or less than 1/2 psig (3.5 kPa).

Figure 7

⚠ WARNING

Some of the above procedures result in pressures in excess of 1/2 psig (3.5 kPa) on the appliance gas valve, it will result in a hazardous condition.

Checking Manifold Pressure

3 Series Millivolt Natural gas will have a manifold pressure of approximately 3.5" w.c. (0.87kPa), for maximum input, 1.7" w.c. (0.423kPa), for minimum input. If the pressure regulator at the valve the manifold pressure to the pressure regulator from a minimum of 7.0" w.c. (1.74kPa) for the purpose of input adjustment to a maximum of 10.5" w.c. (2.61kPa).

2 Series Hydraulic Thermostat Natural gas will have a manifold pressure of approximately 6.0" w.c. (1.49kPa). The pressure regulator outlet with the inlet pressure to the pressure regulator from a minimum of 7.0" w.c. (1.74kPa) for the purpose of input adjustment to a maximum of 10.5" w.c. (2.61kPa).

1 Series Millivolt Propane gas will have a manifold pressure approximately 10.0" w.c. (2.49kPa) for maximum input or 6.5" w.c. (1.62kPa) for minimum input at the pressure regulator outlet with the inlet pressure to the pressure regulator from a minimum of 11.0" w.c. (2.739kPa) for the purpose of input adjustment to a maximum of 13.0" w.c. (3.237kPa).

2 Series Hydraulic Thermostat Propane gas will have a manifold pressure approximately 10.0" w.c. (2.49kPa) at the pressure regulator outlet with inlet pressure to the pressure regulator from a minimum of 11.0" w.c. (2.739kPa) for the purpose of input adjustment to a maximum of 13.0" w.c. (3.237kPa).

Your child's scores in the reporting categories measured by each test

This section shows the number and percentage of possible points earned by your child in each reporting category. For comparison, you will also find the percentage of possible points earned by students who performed at the low end of the Proficient level across the state. This information can give you a general impression of your child's relative strengths and weaknesses.

Your Secret Answer: _____

IMPORTANT INFORMATION ABOUT THE LIFELINE PROGRAM Assurance Wireless is a Lifeline supported service. Lifeline is a federal benefit, and only eligible subscribers may enroll. Customers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be de-enrolled or barred from the program. Only a single discounted service (landline or wireless) is available per household. A household is one or more individuals who live together at the same address and share income and expenses. A household is not permitted to receive Lifeline benefits from multiple providers. Violation of the one-per-household rule constitutes a violation of federal rules and will result in de-enrollment from the Lifeline program and potential prosecution by the United States government. Lifeline is a non-transferable benefit. Service cannot be transferred to any individual, including another eligible low income consumer.

4 SIGNATURE

By signing below, I certify under penalty of perjury that the information contained within this Application is true and correct to the best of my knowledge.

- I participate in a qualifying Federal Program or meet the income qualifications to establish eligibility for Lifeline. If proof of eligibility is required, I have provided the required documentation as listed in Section 2.
- If I have provided a temporary address, I must notify Assurance Wireless within 30 days of any change of address. Assurance Wireless will attempt to verify every 90 days that I continue to reside at that address. If I do not respond to these address verification attempts within 30 days, I will be de-enrolled.
- I will inform Assurance Wireless within 30 days of the following, and may be subject to penalties if I fail to do so:
  - move to a new address,
  - no longer participate in a Lifeline qualifying Program or my annual household income exceeds 135% of the Federal Poverty Guidelines,
  - become aware that my household is receiving more than one Lifeline benefit,
  - For any other reason I no longer meet the criteria for Federal Lifeline support.
- I authorize Assurance Wireless or its agent to access any records (including financial records) required to verify my statements herein and to confirm my eligibility for Assurance Wireless service. I authorize state or federal agency representatives to discuss with and/or provide information to Assurance Wireless verifying my participation in public assistance Programs that qualify me for Assurance Wireless service.
- I authorize Assurance Wireless to provide access to or release any records required for the administration of Assurance Wireless service.
- I understand that the completion of this application does not constitute immediate approval for Assurance Wireless service.
- I acknowledge that providing false or fraudulent information to receive Lifeline benefits is punishable by law.

You MUST place a check mark ☑ next to all 3 statements, then sign and date below:

☐ 1. I certify that my household will receive only one Lifeline Assistance benefit (wireless or wireline). To the best of my knowledge, my household (i) is not already receiving such a benefit, or (ii) if I currently receive a Lifeline discount from a different phone service provider I consent to the transfer of my Lifeline benefit to Assurance Wireless and understand that once the transfer is complete I will lose my Lifeline program benefit with my current phone service provider. **AND**

☐ 2. I understand that I may be required to re-certify continued eligibility for Lifeline at any time. Failure to do so will result in the termination of my Lifeline benefits. **AND**

☐ 3. I consent to have my personal identification information shared with the Universal Service Administrative Company (USAC) (the Lifeline Program administrator) and/or its agents for the purpose of confirming that neither I nor my household receives more than one Lifeline benefit.

YOUR APPLICATION CANNOT BE APPROVED WITHOUT 3 CHECK MARKS AND YOUR SIGNATURE.

Hello This is a test Message

— [illegible] **posterior** of the divisions of the trigeminal is like the ophthalmic a purely sensory nerve. Its general distribution is to the middle portion of the face from the lower orbit to above the mouth In particu lar it **supplies cutaneous membranes** of the **side of nose, upper lip, lower eyelid, and some other parts of the face.** It supplies **mucous membranes of the upper lip,** front of the nasal cavity (including the ethmoidal, sphenoidal and maxillary sinuses), nasopharynx, palatine tonsils, roof of mouth — including the hard palate (palatum durum) and soft palate (palatum molle), and gums of the upper jaw It also supplies all of the teeth of the upper jaw and dura mater

The maxillary nerve arises from the middle of the anterior margin of the Gasserian ganglion and passes obliquely thru the cavernous sinus. **It exits the cranial vault** thru the **Foramen Rotundum** (a small round hole in the great ala of the sphenoid bone) and passes over the pterygopalatine fossa. It then enters the eye socket thru the inferior orbital fissure At first, it lies in the infraorbital groove on the floor of the eye socket, enters the infraorbital canal to pass through the body of the maxilla and onto the face via the infraorbital foramen

matico temporal and a zygomatico facial nerve.

a Zygomaticotemporal nerve supplies the skin and fascia over the side of the forehead and over the temple

b Zygomaticofacial nerve supplies the skin and fascia over the prominence of the cheek

3 The <u>Pterygopalatine nerves</u> are 2 short stump-like branches that pass from the maxillary nerve directly downward into the pterygopalatine ganglion

The pterygopalatine nerves converge in the ganglion to be redistributed in 4 groups of fibers that emerge from the ganglion

<u>An orbital group</u> that runs thru the eye socket to the mucous membranes of the ethmoidal and sphenoidal sinuses.

A <u>palatine group</u> that supplies the palatum durum and palatum molle esp the mucous membranes over the roof of the mouth and gums of the upper jaw The greater and lesser palatine nerves are major vehicles for the distribution of these fibers

<u>The posterior superior nasal group</u> that passes through the sphenopalatine foramen

Most of these fibers form the nasopalatine nerve that passes downward onto the floor of the nasal cavity and anteromedial to

Three Things That Kill CRM (…and how to counter them)

If you're newhere you may want to subscribe to my RSS feed Thanks for visiting!

According to the best research I can find, roughly 2/3 of CRM implementations fail How can this be? After so many years why haven't sales leaders and CRM vendors figured this out?

On days when my patience is running short my list of three CRM-Killers consists of resistance to change intellectual laziness and fear of being exposed as not quite the sales super star everybody thinks I am. On one level this is right on target and as a member of a sales team you'll be well served to keep this "2X4 upside the head" style list in mind

At a more pragmatic level, though, it's more helpful to think in terms of addressing the three key objections I hear most often

"Process and metrics don't apply to me because "

Sales Reps think they're different that what they do is un-measurable and dependent mostly on hard-won, real-world experience They (mistakenly) believe that continuous improvement techniques that apply everywhere else in the known universe don't apply to sales

Here are a few "un measurable professions" that have been hugely and dramatically changed for the better within the last decade Medical Care Mortgage Lending Wine Investing PGA Golf and Major League Baseball Scouting There isn't enough space to discuss the details here Suffice it to say that the conclusion of the story for each of the above is 1) Hard won experience is great, but **not enough** anymore 2) Statistical geeks **beat the daylights** out of the old pros every time 3) The really big winners were those highly experienced folks that **added** a **process and metrics mindset** to their professional repertoire In other words, process and metrics **DO** apply to you

"You want me to spend time typing instead of making sales calls."

Yes I want you to spend time typing stuff into the CRM system. Get over it Study after study shows that while you will spend more time typing information **you'll save even more time in retrieving and communicating information**

You already take lots of notes, right? On note pads day-timers post its napkins etc. Don't try to tell me that a google-like inquiry into your CRM isn't **vastly faster and more complete** than rooting through hand written notes neatly" organized and filed who-knows-where On and who else in your sales support organization has access to the incredibly valuable customer intelligence you work so diligently and hard to collect? If it's on paper the answer is nobody You need to spend still more time composing e-mails and/or verbally explaining things.

"You want to micro-manage me."

Eeeeeeeeeh!!! Are you really serious? It's exactly the opposite! Sales Managers are pulled in a gazillion different directions at once The most fabulous thing about CRMs is that they can slice dice analyze and spit out reports automatically CRMs enable sales reps to manage themselves. CRMs can pin-point what **your** specific problem areas are so that **you** can take the appropriate actions without getting management involved unless **you** want them to get involved

Management wants CRM so they don't have to hold your hand!!! One caveat though If you're coasting or screwing up or just a lousy rep a CRM means there's nowhere to run nowhere to hide

Professionals in every field need to continuously upgrade and update the tools they use Coal mining with pick and shovel anyone? Prescribing drugs without electronic data bases that analyze efficacy side effects and potentially dangerous interactions with other medications? Sales without CRM?

Love, love, love, love, love, love, love, love, love.
There's nothing you can do that can't be done
Nothing you can sing that can't be sung
Nothing you can say but you can learn how to play the game
It's easy
There's nothing you can make that can't be made
No one you can save that can't be saved,
Nothing you can do but you can learn how to be you
in time. It's easy

All you need is love, all you need is love,
All you need is love, love, love is all you need
Love, love, love, love, love, love, love, love, love,
all you need is love, all you need is love,
All you need is love, love, love is all you need
There's nothing you can know that isn't known,
Nothing you can see that isn't shown
Nowhere you can be that isn't where you're meant to be.
It's easy
All you need is love, all you need is love,

HP Printers and Fax Machines - Resolving Fax Problems

This document is for HP multifunction printers with fax and HP fax machines.

Resolve issues when faxing, such as faxes do not send, you cannot receive faxes, fax quality is unsatisfactory, or an error displays.

> **NOTE:**
>
> The primary steps in this document are for a traditional landline telephone line. If you use a different type of phone to dial faxes (VoIP or DSL), go to 7. problems using other connection types in this document.

Cannot send faxes

Check the fax number, connection setup, and settings when faxes do not send.

> **NOTE:**
>
> For testing purposes, you can send a fax to the HP Fax Test Service at **1-888-HPFaxme (1-888-473-2963)**. This free service includes a return fax within 5 to 7 minutes when the fax is working properly. Your fax number must match the number you entered in the fax device to receive the return fax.

Step 1: Print a fax test report

To troubleshooting, print a fax test report to identify any issues with the printer, phone line connection, or fax settings. On the printer control panel, locate **Run Fax Test** or **Fax Test Report** in the **Fax** or **Setup** menus.

Review the report for any tests that failed and follow any instructions provided. If the issue is not resolved, continue to the next step.

Step 2: Redial the number and adjust sending settings

Confirm the following dialing requirements and fax settings to help identify issues when faxes do not send. Fax setup and preferences settings are in the **Fax** or **Setup** menus on the printer control panel.

- **Manually enter the fax number:** From the printer, dial the number. If you are making a phone call, including the area code, the access code such as '9' to connect to an outside line, and the long-distance country code. If dialing with speed dial, confirm the saved number has required pauses between numbers (adding a dash between 9 and the area code, for instance).
- **Lower the fax speed:** Select the slow or standard setting.
- **Turn off Error Correction Mode.** Turning off this feature can improve sending success when the phone line quality is poor, but the image quality of the received fax might be unsatisfactory. If this must be turned off to send faxes, have the phone service provider check the line quality.
- **Send the fax in black and white.** If a color fax cannot be sent, the receiving fax machine might not support the feature.
- **Confirm the dialing type (tone or pulse):** Most phone lines use tone dialing.
- **Enable error reporting:** Turn on the Fax Error Reports feature to print a report if an error occurs when sending or receiving a fax. If the report includes a numeric error code, go to Fax Error Codes and Solutions.

Step 3: Check the connection

and Part II Interest to Spouses

(k) Occupancy: (for VA only – mark the applicable box)

☐ (a) I now actually occupy the above-described property as my home or intend to move into and occupy said property as my home within a reasonable period of time or intend to occupy it after the completion of major alterations, repairs or improvements

☐ (b) My spouse is on active military duty and is not at his or her discretion. I occupy or intend to occupy the property securing this loan as my home.

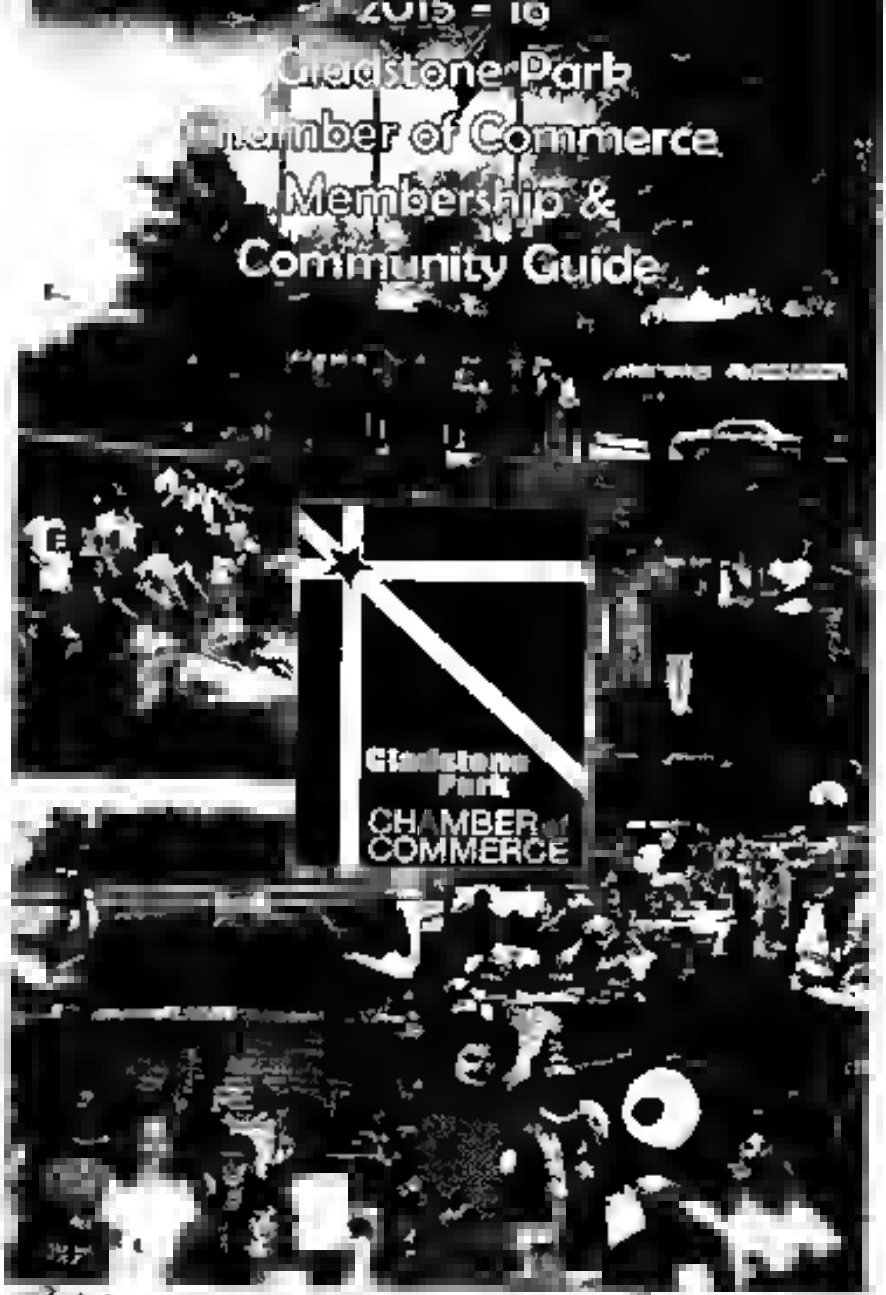
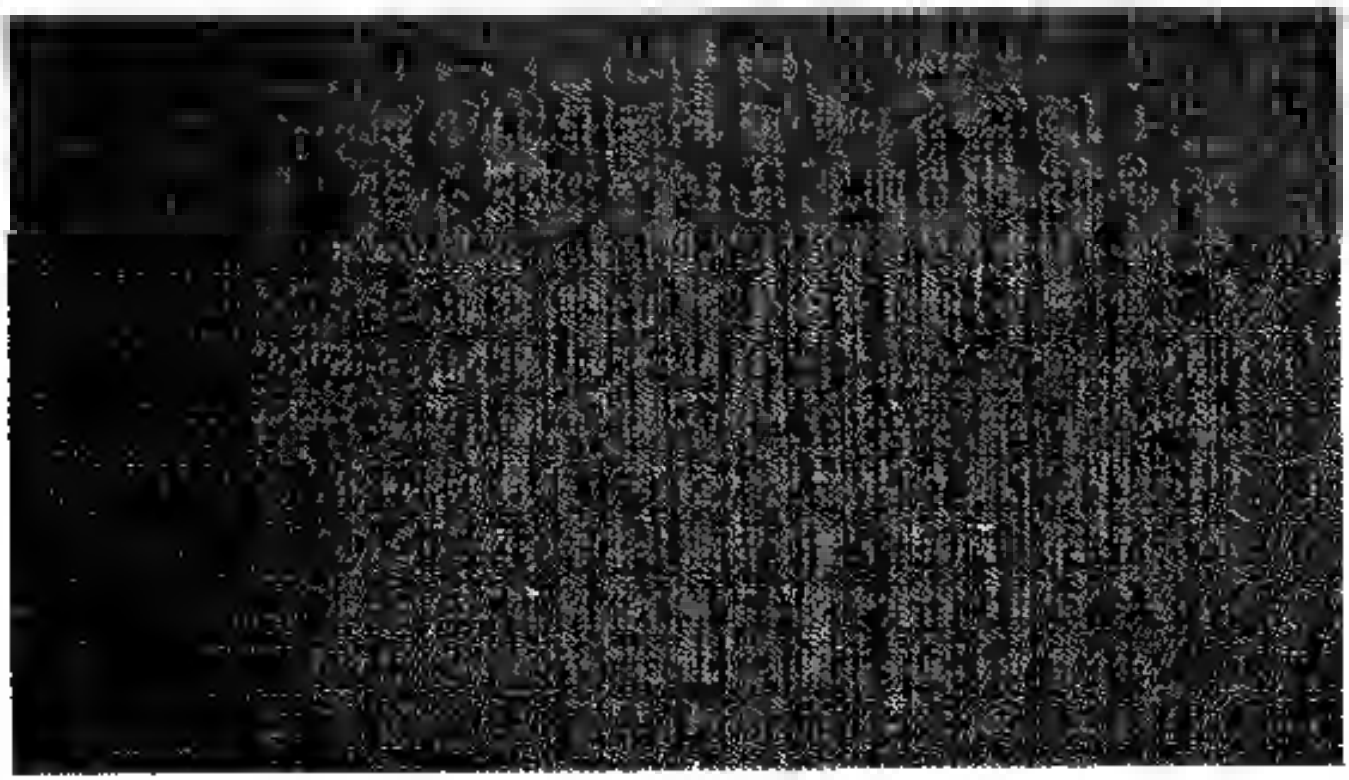
Gladstone Park Chamber of Commerce Membership & Community Guide



Celebrating 25 years of service to the community!



Q: Why are hawks such great football fans? A: They're always watching the game on the field!	Q: What has more lives than a cat? A: A frog — it croaks every night!
Q: Why are basketball players sloppy eaters? A: Because they always dribble!	Q: How do you know when you're built upside down? A: When your feet smell and your nose runs!
Q: Why does Santa have so many gardens? A: So he can ho ho ho!	Q: Why did the mouse dance on the peanut butter jar? A: Because it said twist to open!
Q: What did the salad say to the refrigerator? A: Close the door, I'm dressing!	Q: What did one eye say to the other? A: There is something between us that smells!
Q: What do tomatoes eat for breakfast? A: Oak meal!	Q: What do you get when you cross a bell and a chicken? A: An alarm cluck
Q: What do you get when you cross Lassie and a rose? A: A collie-flower!	Q: Which part of a hen has the most feathers? A: The outside!
Q: Why weren't apples allowed on Noah's ark? A: Only pears were allowed!	Q: Why did the little skunk listen to the big skunk? A: Because it was older and wiser!
Q: What kind of bird can lift heavy things? A: A crane!	Q: What does a 2,000-pound mouse say? A: Here, kitty kitty!

Troubleshooting Steps

The steps below will help you resolve most fax setup problems.

- Switch off fax machine and unplug power adapter from device and Vonage Packet
  - Let fax machine remain off for 60 seconds
- Try a different phone port between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC

Dear Parent/Guardian

Last Friday (Feb. 26) a P-CEP student reported that an unknown adult was following her. The incident occurred near Hanford and Lilley Roads after the student left her bus and began to walk home. The student was walking down the street and a man in an older light blue Ford Mustang (with white stripes) waved to her. He then followed slowly behind until she reached a friend's house. When an adult confronted the man, he sped off. No license plate number was obtained.

The man is described as being 30 to 35 years of age with a mustache and large rimmed glasses. No contact or communication occurred with the individual, but as you can imagine, the students were frightened. The police were contacted.

We would like to take this opportunity to ask for your help. Please remind your student to

1. Walk in groups (on sidewalks) as much as possible
2. Walk on well-lit streets as much as possible and cross only at corners
3. Walk the same route to and from school (or bus stop) each day
4. Be aware of your surroundings, including people and vehicles in area

Please be assured that the health and safety of your child is most important to us. We hope this was an isolated incident, and we ask that you work with us to make sure that all of our children are secure.

If you have any questions, please feel free to contact your school principal or Canton Township Police.

Sincerely,

Craig A. Fiegel

Buckwheat Zydeco

From Wikipedia, the free encyclopedia

Buckwheat Zydeco is the stage name of **Stanley Dural, Jr.** (born November 14, 1947), an American accordionist and zydeco musician. He is one of the few zydeco artists to achieve mainstream success. His music group is formally billed as **Buckwheat Zydeco and Ils Son Partis Band**, but often they perform as merely *Buckwheat Zydeco*.

The *New York Times* says, "Stanley "Buckwheat" Dural leads one of the best bands in America. A down-home and high-powered celebration...meaty and muscular with a fine-tuned sense of dynamics... propulsive rhythms... incendiary performances."[1] *USA Today* calls him "a zydeco trailblazer."[2]

Buckwheat Zydeco has performed with a large number of famous musicians from Eric Clapton (with whom Buckwheat also recorded) and U2 to The Boston Pops. The band performed at the closing ceremonies of the 1996 Summer Olympics to a worldwide audience of three billion people. Buckwheat performed for President Clinton twice, celebrating both of his inaugurations. The band has appeared on the *Late Show with David Letterman*, *CNN*, *The Today Show*, *MTV*, *NBC News*, *CBS Morning News*, National Public Radio's *Weekend Edition*.

Accident Claims Life of Goodrich Man, LIVINGSTON, November 10, 2011 - At approximately 6:15 am on November 8, 2011, Fred Douglas Ross, 52, of Huntsville, had his 18 wheeler (a purple 1999 Freightliner) on US-190 West on the shoulder of the east-bound side. Ross was four and a half miles west of Livingston. Ross attempted to pull back onto the road but failed to yield to an oncoming east-bound blue 2003 Dodge Caravan driven by John Doyle White, 47, of Goodrich. White's vehicle slammed into the rear axel of the tractor portion of Ross' rig. White deflected off Ross' vehicle into the oncoming traffic of the west-bound lane and was broadsided (on the passenger's side) by a gray 1986 Chevy truck driven by Johnny Gonzalez, 38, of Livingston. John White's vehicle came to rest on the shoulder of the west-bound lane while Gonzalez's vehicle stopped behind White's. Fred Ross came to a stop on the shoulder east bound lane. Americare Ambulance Service was dispatched to the scene along with Deputies from the Polk County Sheriff's Office and Troopers Ramey Bass and Donny Akers with the Texas Highway Patrol. John Doyle White sustained major upper body injuries and was rushed to Livingston Memorial Hospital by Ambulance. White was later driven by Ambulance to Hermann Hospital in Houston. Johnny Gonzalez and truck driver Fred Ross were physically okay. Fred Ross was cited for an unsafe turn. White's vehicle was recovered by Ambush Wrecker Service and was stored in Goodrich while Gonzalez's vehicle was recovered by George White & Sons Wrecker Service and was stored in Onalaska.

A Turn for the Worst

47 year old John Doyle White of Goodrich passed away at 10:04 am at Hermann Hospital the following day (November 9).

Jackson Care Connect

Dear Member,

We are delighted to welcome you to **Jackson Care Connect**, your new health plan.

What is Jackson Care Connect?

The state has changed how Oregon Health Plan (OHP) services are provided. This is to make sure you get the best possible care. From now on, each community will have its own Coordinated Care Organization (CCO). CCOs like Jackson Care Connect will bring together members like you, doctors, hospitals and the community. We will work together to provide you with better, more coordinated service.

How does it work?

Your benefits will stay the same.
Your providers will stay the same.
Your physical and mental health services will be coordinated.

In Jackson County, CareOregon and the following organizations have joined forces to serve you as Jackson Care Connect.

Addictions Recovery Center • Asante Rogue Valley Medical Center
Community Health Center • Jackson County Health and Human Services
Jefferson Regional Health Alliance • La Clinica • OnTrack • PrimeCare
Providence Medical Center and Medical Group

Beginning September 1, 2012, we'll provide both your physical and mental health services. Then, by 2014 or sooner, we'll provide your dental benefits, too.

Members will have a bigger role in the plan and take part in new Community Advisory Councils. And we'll also look at new ways of providing services that make it easier for you to get the care you need.

What happens now?

Since CCOs are new, it will take time to combine everyone's work. We want to be sure there are no disruptions in your service. Over the next three months, you can continue to call your current plan for benefit and provider information. You can reach CareOregon or Jackson Care Connect at 503-416-4100, or toll-free at 1-800-224-4840. TTY/TDD users can call 1-800-735-2900 or 711.

Call your current providers for appointments.

We're happy to be part of your health care team. With Jackson Care Connect, we believe you'll get even better care that focuses on you, your overall health, and caring when and where you need it.

Sincerely,

Patrick Gumin
Sr. Director of Business Integration, CareOregon

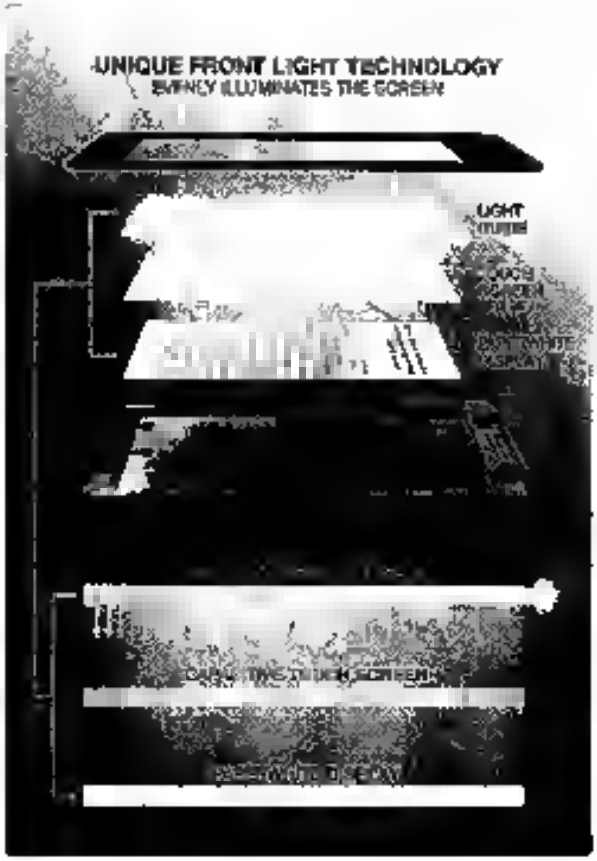
Read in Bright Sunlight with No Glare

Kindle Paperwhite has a matte screen that reflects light like ordinary paper so you can read as easily in bright sunlight as in your living room with no glare.

Read at Night

With Kindle Paperwhite, reading in bed just get better. The patented built-in light illuminates the screen, not the entire room, so you won't disturb your partner when you can't put your book down at night.

Patented Built-in Light



Patented built-in light

Designed for Reading

Unlike a backlit tablet display, Kindle Paperwhite guides light towards the surface of the ink display from above so that the light never shines directly towards your eyes, allowing you to read comfortably without eye strain. The built-in light illuminates the screen evenly than a book light or lighted cover.

Perfectly Balanced Whiteness

We worked on Kindle Paperwhite for over two years to perfect the uniformity of the in light, flattening out a fiber optic cable into a sheet and nanoengraving to ensure perfectly even distribution of light. Our design uses nanoscale optics diffractive ink to enable tight control over the direction of the light. Enjoy reading with exceptional lighting uniformity and evenly balanced whiteness across the entire display. See how screen looks in different lighting conditions.

Adjustable Brightness

Your eyes adapt to the amount of light around you, so you'll prefer dimmer light reading in a dark setting and brighter light when reading in well-lit surroundings. adjust the brightness of Kindle Paperwhite across a wide spectrum, from low light brightness, so you can read comfortably in any setting.

Power Efficient

Because our patented technology enables fine-grain control over where the light is diffused, Kindle Paperwhite uses low-power LEDs, requiring very little power to illuminate the entire screen.

Button1: Show current temperature
Button2: Show high\low temperature per core
Button3: Reserved... currently does nothing.
Button4: Closes the G15 applet (doesn't quit Core Temp, just disconnects it from the G15
To get it back to the G15, rerun Core Temp)

To adjust the Tj Max value on Intel processors (not recommended due to potential inaccurate readings)
Simply edit the "TjMaxOffset" entry in Settings.ini file that comes in CoreTemp.zip
To add 5C simply type the number 5 after the "=" sign
To subtract 5C simply type "-5" after the "=" sign

Some chips either don't support this feature or might fail to provide a "Valid Reading"
If this happens you'll see a "(?)" right after the temperature value in question

Third Party Compatibility Issues

Remote phones and port expanders behind Linksys® NAT devices stop functioning

The Linksys BEFSR41 series NAT devices (and likely other models) have a bug where they can remap UDP ports on 20-minute boundaries. This can cause loss of audio during a call or the inability to place or receive calls. Multiple phones behind the same device exhibit the problem much quicker than a single device. For best results, set phone ports (e.g. SIP, RTP range, etc) independently for each phone and statically map them through the Linksys device. Allworx has tested the SonicWall®, Netgear®, D-Link® and Allworx NAT devices, and these devices do not exhibit this problem.

Third party gateways

The dial plan changes have caused a remapping of the "use default call route" for inbound calls from outside lines. In the past, 795xxx was used to execute the inbound call route for device 5xxx. The prefix has changed from 79 to 429, making the pattern into 4295xxx. Some 3rd party SIP gateways are programmed to call 795xxx for inbound calls. Reprogram these devices to use 4295xxx.

Linksys SRW224G4P

Allworx 9204G phones may not register when connected to a Linksys SRW224G4P (FW 1.0.3 Aug 2007). If this occurs, disable RSTP on the Linksys or lock the speed on the port to GIG.

Network Switches with Spanning Tree Protocol Enabled

When an Allworx Px 6/2 Expander powers up, if STP is enabled on the switch port to which it is attached, DHCP may time out and the Expander may not be able to get an IP address. To avoid this problem, disable STP on the ports for any expanders on your switch.

Headsets

Some users of Hello Direct Ultralight EX Single headsets with 1/8" plug and an adapter have experienced the phone automatically going off hook or calls being disconnected when they speak loudly. To avoid this problem speak at a normal volume or use a different model headset.

PATIENT NAME	FARMER TEST	DOS 5/24/2010
PATIENT NUMBER	391154	JOB
PROVIDER	Stewart S Stowers	
DOB	01/01/1050	

Farmer is a 51-year old white male who complains of progressive bilateral knee discomfort that interferes with his ability to sleep but also interferes with his job as a sanitation worker. He has had no specific discrete trauma to either knee. He denies locking or instability symptoms but complains of purely pain.

Past Medical History: His past medical history is significant for diabetes which is controlled with oral medication. He takes only intermittent nonsteroidal anti-inflammatories.

Review of Systems: His review of systems is otherwise noncontributory.

Physical Examination: Demonstrates him to be in no acute distress. He has palpable pulses in both feet. He has no other findings on exam.

X-Rays: X-rays show end-stage osteoarthritis.

Plan: He needs bilateral total knee replacements and this will be scheduled.

Name(s) shown on return

Social security number or taxpayer identification number

Before you check Box A, B, or C below, see whether you received any Form(s) 1099-B or substitute statement(s) from your broker. A substitute statement will have the same information as Form 1099-B. Either will show whether your basis (usually your cost) was reported to the IRS by your broker and may even tell you which box to check.

Part I **Short-Term.** Transactions involving capital assets you hold 1 year or less are short-term. For long-term transactions, see page 2.

Note: You may aggregate all short-term transactions reported on Form(s) 1099-B showing basis was reported to the IRS and for which no adjustments or codes are required. Enter the totals directly on Schedule D, line 1a; you aren't required to report these transactions on Form 8949 (see instructions).

You must check Box A, B, or C below. Check only one box. If more than one box applies for your short-term transactions, complete a separate Form 8949, page 1, for each applicable box. If you have more short-term transactions than will fit on this page for one or more of the boxes, complete as many forms with the same box checked as you need.

☐ **(A)** Short-term transactions reported on Form(s) 1099-B showing basis was reported to the IRS (see **Note** above)

☐ **(B)** Short-term transactions reported on Form(s) 1099-B showing basis wasn't reported to the IRS

☐ **(C)** Short-term transactions not reported to you on Form 1099-B

Next choose the Line that is being used for faxing

Network Jitter is network induced delays of varying amounts for receiver packets (RTP). The Linksys ATA is capable of keeping a reserve of RTP samples which is known as the Jitter Buffer. The larger the buffer the more jitter the ATA can absorb, but it also will increase delay. A larger Jitter Buffer setting on the line that is used as a fax line will help absorb larger amounts of jitter and help keep the fax from failing.

Look for Network Settings and Set Network Jitter Level to Very High

Note: You may find a extremely high setting. This setting could also be considered.

Next go to the Audio Configuration section.

Make the following Configuration Settings in the Audio Configuration section in your Cisco/Linksys ATA device. These settings will help resolve issues with difficulty when trying to fax over your VoIP connection. (See the note below with regard to FAX Disable ECAN.)

- **Preferred Codec to G711a**
- **Set Silence Supp to No (default setting)**
- **Set Echo Supp Enable to No.***
- **Set Echo Canceller to No ***
- **Set FAX Passthru Method to NSE.***
- **Set FAX Passthru Codec to G711u**
- **Set Use Pref Codec Only to Yes**
- **FAX Disable ECAN to Yes.***

***Note:** The Fax Pass-through Mode is triggered by NSE events, which we suggest that you choose as the setting of choice. If available in your configuration settings, the setting "FAX Disable ECAN" can be set to Yes, which will trigger the echo canceller to be automatically disabled and both call waiting and silence suppression to be automatically disabled for the fax pass-through. Additionally, out-of-band DTMF Tx is also disabled.

Setting the RTP Packet Size.

You may find that the setting for the RTP Packet Size: 0.03 (which is default setting), in which case a lowering of this setting would be more advantageous for faxing. Real-Time Protocol (RTP) Packet Size choices are typically 10, 20 or 30 ms with a typical setting of being 20 ms or 0.020.
RTP Packet Size in seconds provides lower latency, but is less efficient, in that more bandwidth will be used for the connection. In general smaller packet sizes would use more bandwidth, however this would be good for faxing since latency is decreased.

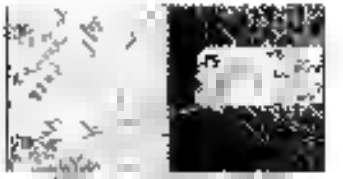
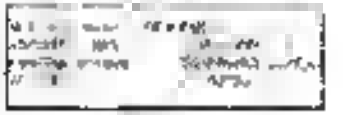
Wireless Security Setup

Please keep for your records

Your new Wireless DSL Gateway will enable you to take full advantage of some of the most useful features available today. It is simple to set the wireless networking features built into your new Wireless DSL Gateway.



To connect your computing devices to the Wireless Gateway you will need to refer to information located on the bottom of the Wireless Gateway.



Copy the WiFi Protected Access2 (WPA2) ID and Enhanced Service Set Identifier (ESSID) from the sticker on the bottom of the gateway. (MAC ID is not required for wireless settings). The Wireless Gateway uses WPA2 encryption by default. To use the default settings your wireless PC must be configured for WPA2 during setup.

Title: *Canadian Electrical Code, Part I, Twenty-first Edition* — originally published January 2009

The following is a list of errata that have been identified in the 2009 edition of the *Canadian Electrical Code, Part I*, the list also includes editorial changes that will be made in the next edition (2012)

Rule 10-618 — Add "(see Appendix B)" to the title

Rule 12-112(5)(b) — The Subrule should read "notwithstanding the requirements of Subrule (4) "

Rule 18-004 — Add "(see Appendix B)" to the title

Rule 58-000 — Add "(see Appendix B)" to the title

Rule 58-300 — Add "(see Appendix B)" to the title

Table 17 — Delete the reference to Rule 10-206 beneath the title

Table 19 —
In the second row of the table add Reference Note 2 to the last column as shown below

Conditions of use	Trade designation	CSA type designation	Maximum allowable conductor temperature °C	Reference Notes
For exposed wiring in dry locations where exposed to corrosive action if suitable for corrosive conditions encountered	Armoured cable	TECK90	90	2, 8, 9

Under the heading "Conditions of use", in the row "For service entrance above ground", for **Trade designation** "Armoured cable" Reference Note 16 applies to AC90 not ACWU90.

Table 31 — In the heading for the second column, "mL" should read "mm"

Appendix B Note to Rule 2-102 —
Replace "moulded switch" with "moulded case switch" (2 occurrences)

Revise the first sentence to read "...current levels greater than those ..."

Appendix B Note to Rule 10-206, Note to Figure 5 —
In item (a), replace "*[see Rule 10-206(1)(c)]*" with "*[see Rule 10-206(1)(a)(ii)]*"

In item (b) replace "*[See Rules 10-206(3) and 10-702(b)]*" with "*[See Rule 10-702(b)]*"

5/22/2015	• Alex MacDonald and Ivo Freund provided post live for Metropolitan State Hospital commencing on Monday, [illegible] 2015 for a period of four days. • A secondary NIC card was installed on the Elite Client computer to facilitate a direct connection between the Elite Client computer and Elite device. This configuration proved to be successful and resolved the intermittent connection that existed with a Client computer connection to the Elite device via a Metropolitan Hospital network connection. • Remedial Elite training was provided for several pharmacy technicians, Elizabeth Nguyen and Nicholas Delfin. • Elite reports were reviewed with Elizabeth Nguyen and Nicholas Delfin. • The Elite 336 implementation has been completed.
5/15/2015	• The Fastpak Elite 336 was successfully implemented at Metropolitan State Hospital throughout the week of 5/11. The system is live as of 5/14/15. • Jessica Tom (Axium KMRT) provided onsite training for Glen Itow (Pharmacy Director), Elizabeth Nguyen (Pharmacist) & Nicholas Delfin (Pharmacist). • The PHO Mainframe TCP interface is working properly. A batch file is run on the Elite AWS and the batch file populates Autolink for processing. • Alex MacDonald & Ivo Freund will back on site the week of 5/18 (three days) for post live support and remedial training. Ivo will be on site on Monday at 10:00 AM and Alex will be onsite on Tuesday at 8:00 AM.
5/8/2015	• A conference call was held with Livermore Scientific (Metropolitan Hospital) and Axium on 5/7. Chris Tomsi, Lucas Pelusko and Paul were on the call for MSH. Alex and Jay Yates were on the call from Axium. • The Elite Virtual Server has been successfully configured and setup by Jennifer Hawkins. The system was fully tested and is functionally

Learning a language is not about how many words you know, how many catch phrases you are able to memorize, or how much content you can cram into one lesson. In order to speak, you need to use and manipulate the language, to understand the structure and be able to construct your own sentences. Building a house without a solid foundation would be ill-advised, the same can be said about language learning. Once you possess a strong structural foundation, adding vocabulary words becomes very natural.

With this program, you'll begin laying your foundation from the start. It isn't about rote memorization, it's all about active participation. Don't expect to "listen and repeat" your way though a Pimsleur course. *Anticipate and Participate* is the Pimsleur way!

Let your *mouth* do the talking, but let your *ears* be your guide. They are essential to your learning. They need to be trained to understand the nuances, the flow, the intonation, and the sounds of your new language. You need to depend on them.

The skill of listening at normal conversational speeds—while possibly daunting at first—is necessary to acquire spoken communication skills. Your ears need to learn to discriminate and approximate the new sounds. From the very first lesson, we will help you fine-tune these essential listening skills.

THIS IS
EILEEN

LESSON ONE. THE PURPOSE OF THIS SERIES

At the conclusion of these lessons, we do not expect every student to go down in history as a much applauded orator. It is not the purpose of this class to make preachers out of all who attend. It is hoped, however, that some will be encouraged and developed into better preachers of the Word of God. With others attending we hope to create within them a greater confidence when leading in prayer, making the announcements, presiding at the Lord's table, or any other public duty.

It could be said that this class has a two-fold purpose: (1) to prepare the man, and (2) to help the prepared man to prepare his work.

Note carefully our specific goals:

1. To help you to learn to do in the work of the church that which you would like to do, but feel that you could never do. Work in this class will give you and others the opportunity to discover whether or not you have the ability to do that which you would like to do. It will help you to satisfy the desire which you have to do more in the work of the church.

2. To help you to do that which you are now doing but which you would like to be able to do better.

3. To help you to be prepared to do work in the church which you may never expect to do but which may be forced upon you some day through unexpected circumstances. You may find yourself in a small congregation where your leadership will be all that the congregation will have.

4. To help you to be prepared to recognize opportunities in the vineyard of

HEADQUARTERS
UNITED STATES FORCES - IRAQ
BAGHDAD, IRAQ
APO AE 09316

January 25, 2010

Office of the Commanding General

General James T. Conway
Commandant of the United States Marine Corps
HQMC
3000 Marine Corps Pentagon
Washington, DC 20350-3000

Dear General Conway,

On behalf of United States Forces-Iraq, I wish to personally thank you and your Marines for nearly seven years of faithful service in Iraq, which formally ended on 23 January 2010. Beginning with the initial invasion and continuing through counterinsurgency operations, the U.S. Marine Corps has played an instrumental role in Operational Iraqi Freedom. Today, Anbar province is on its way to a new future.

Not long ago, Anbar was considered to be one of Iraq's most dangerous regions. Hardcore Sunni nationalists, al-Qaeda, and other extremists used the cities, towns, and countryside of Anbar as their base of operations making for a perpetually tumultuous environment. However, as they have throughout our Nation's history, U.S. Marines met this great challenge, fought to overcome the significant obstacles they faced, and accomplished their mission. Anbar now stands as the centerpiece of U.S.-Iraqi cooperation due to effective counterinsurgency operations, which perfectly blended tenacious fighting with confidence-building measures. Thanks to Marine efforts, Anbar was the epicenter for the Sunni Awakening and served as the model for units to emulate during the "Surge" of forces in 2007.

Every Marine that has served in Iraq can be proud that their efforts have brought stability to a nation once consumed by violence and given the people of Iraq the freedom to choose their leaders. We will never forget the over 1,000 Marines who sacrificed their lives for this noble undertaking and I pledge to carry on our mission of building a stable, sovereign and self-reliant Iraq in their honor. It has been the greatest privilege to serve with the U.S. Marines Corps, and I know that Americans everywhere take comfort knowing that their Marine Corps remains always faithful in the defense of our way of life.

With respect and admiration,

Raymond T. Odierno

TAXABLE SERVICES

services performed upon household goods shall be subject to tax.

(c) Tangible personal property subsequently affixed to real estate. The vendor shall collect and remit tax on his rendition of services even though the tangible personal property upon which the taxable services are performed will later be affixed to the real estate so as to become a permanent part thereof. For example, where a lighting fixture is temporarily removed from a home and taken to a silversmith to be electroplated, tax shall be collected on the entire charge for the electroplating.

(d) Tangible personal property belonging to a third person. The vendor shall collect tax from persons paying the purchase price for such taxable services even though the tangible personal property on which the services are performed belongs to another. For example, where an insurance company has a car repaired for an insured person the person rendering the services shall collect tax from the insurance company on the total charge.

(e) Application of tax to service or maintenance agreements. Persons who enter into "service" agreements to render a taxable service are making "sales at retail" and shall collect sales tax on the entire charge made under the agreement. The fact that the agreement may be designated "Inspection," "Maintenance," or by any other name does not change this rule if under the terms of the agreement such persons shall be obligated to render taxable service upon the tangible personal property of their customers. For example, where a firm enters into agreements with a serviceman to have its office equipment inspected, repaired and cleaned, the entire charge, without any deduction for separately stated items, shall be subject to tax.

(f) Taxable services performed outside Pennsylvania on tangible personal property used in the Commonwealth. Where taxable services are performed outside the Commonwealth on tangible personal property brought into this Commonwealth for use in this Commonwealth, such services shall be subject to the use tax, based upon the entire charge made by the vendor. If the tax is not collected by the vendor, the purchaser of the services shall report and pay use tax directly to the Commonwealth. For example, where a resident of Pennsylvania has his automobile repaired outside of the Commonwealth, tax shall be paid directly to the Commonwealth by the person for whom the services were rendered, or alternatively to the person rendering the services if such person is "maintaining a place of business within the Commonwealth." A tax credit shall be permitted for taxes paid in most other states. Reference should be made to §31.7 of this title (relating to use tax).

(g) Services performed in Pennsylvania on tangible personal property to be used by nonresidents outside Pennsylvania. Services performed in this Commonwealth on tangible personal property to be used by nonresidents outside this Commonwealth shall conform with the following:

(1) The vendor shall collect tax on his services if the tangible personal property on which the services have been performed is delivered to the purchaser or his agent in this Commonwealth, even though the purchaser will subsequently use the services and tangible personal property outside this Commonwealth. The fact that the purchaser is a nonresident and the services will be used outside this Commonwealth does not in itself make the transaction exempt. For example, where a nonresident of this Commonwealth

Romans 12 9-21
New International Version (NIV)
Love in Action

9 Love must be sincere. Hate what is evil; cling to what is good. 10 Be devoted to one another in love. Honor one another above yourselves. 11 Never be lacking in zeal, but keep your spiritual fervor, serving the Lord. 12 Be joyful in hope, patient in affliction, faithful in prayer. 13 Share with the Lord's people who are in need. Practice hospitality.
14 Bless those who persecute you; bless and do not curse. 15 Rejoice with those who rejoice; mourn with those who mourn. 16 Live in harmony with one another. Do not be proud, but be willing to associate with people of low position.[e] Do not be conceited.

17 Do not repay anyone evil for evil. Be careful to do what is right in the eyes of everyone. 18 If it is possible, as far as it depends on you, live at peace with everyone. 19 Do not take revenge, my dear friends, but leave room for God's wrath, for it is written: "It is mine to avenge; I will repay,"[b] says the Lord. 20 On the contrary:

"If your enemy is hungry, feed him;
if he is thirsty, give him something to drink.
In doing this, you will heap burning coals on his head."[c]

21 Do not be overcome by evil, but overcome evil with good.

The Planter Arbor was exactly as pictured.

Delivered [illegible] on [illegible] | Verified Buyer

When the arbor arrived in one box, the planter boxes came apart easily. I was a little worried that all the pieces would be in tiny bits. I separated the pieces together and checked it against the main list. Sure enough, I put everything together. I moved to put it together. [illegible] however, in the hardware, or a previous version because it mentions screws, nuts, washers and [illegible] because the screw heads were pointed [illegible]. I was able to put it together by myself. [illegible]

Testing Your HP Fax Machine with the HP Fax Test Service

Print Share Feedback

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service. Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing ***82** before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE: Whenever troubleshooting a fax issue, it is good practice to set the Automatic Reports option to **Every Error** before attempting a test fax. This way, even if the sent fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products; consult the product User's Guide for specific steps.

1. Send a one page black and white text fax to **1-888-hpfaxtest** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that

LĨNH VỰC NÀO CHUYÊN GIA ẤY

MỘT AGENT CÓ KIẾN THỨC RỘNG, CHUYÊN NGHIỆP, THẬT THÀ VÀ TẬN TÂM.

Henry vừa giúp tôi short sell căn nhà của tôi một cách thành công ngoài mong đợi. Trong những năm qua tôi đã từng mua, bán nhà với các agents khác nhưng Henry là agent tốt nhất mà tôi từng gặp. Henry có kiến thức rộng trong lãnh vực địa ốc, phong cách chuyên nghiệp, thật thà, chịu khó và thực tâm lo lắng cho quyền lợi của khách hàng.

Quý vị có thể hoàn toàn an tâm rằng Henry rất tận tụy và làm tất cả những gì [illegible] có thể làm để đáp ứng nhu cầu của quý vị. Quý vị khó [illegible] được agent nào tốt hơn Henry.

Sincerely

Results

BRAF Mutations: NOT DETECTED

Plasma Volume Used: 2.4 ml

Method: Target Selector™ by Biocept

Positive and negative controls were run and reacted in an appropriate manner. The BRAF Mutation assay is a quantitative Real-Time PCR based mutant enrichment assay with selective blocking of BRAF wild-type amplification. The amplification products are purified and subject to sequencing to confirm the presence of the BRAF mutation. The assay has a sensitivity of 0.05% mutant population.

I propose to change the system so that when density card output is requested, plotted densities are punched out. In the normal case there would simply be the average densities. In the test code calls for E.N.D. conversion, it would be the E.N.D. densities that are punched out. If the test breaks down, e.g. because of range check failure, we would get cards punched out for individual strips, hence individuals are plotted in that case.

I would appreciate your comments on this proposal by January 2, 1971.

Fax Connected to Active Telephone Wall Jack	**PASS**
Phone Cord Connected to Correct Port on Fax	**PASS**
Using Correct Type of Phone Cord with Fax	**PASS**
Dial Tone Detection	**FAIL**
Fax Line Condition Test	**FAIL**

Your fax line has a weak signal

A dial tone was not detected

Please check the items below then rerun this test.

Other equipment sharing the fax line can reduce the signal strength

Disconnect any equipment which is sharing the fax line (including extension phones, answering machines, and dial up PC modems)
If you are using a splitter or some other device between the fax and the wall jack, remove it and connect the fax directly to the wall jack.

If the Fax Line Condition test still fails, contact your phone service provider to have the fax line checked

If your HP device is connected to a Private Branch Exchange (PBX) rather than the public telephone system the Dial Tone Detection test may fail

However, you should be able to successfully send and receive faxes.

Refer to your User Guide for more information on the fax test and settings.

Instructions on how to rerun this test:
Step 1 Press the "Setup" button
Step 2 Choose the "Tools" menu
Step 3 Choose the "Run Fax Test" item

Twas the night before Christmas

and all through the home-Braxton and Mark

were the only ones awake- all alone

They sneaked out the room and looked at the tree

there were so many presents their wide awake

eyes could see...

They quietly walked over to get a closer look, when all of a sudden-

the carpeted floor -shook. They looked at each other as they fell to the floor

then one to the window the other to the door

They looked up to the roof of the neighbor s place and saw a man

dressed in red, with a big smile on his face There was a sleigh, reindeer,

and a big sack of toys. There they were, just two little boys

Mark looked at Braxy pointed and said, "Hey Braxy, that must be Santa

that big guy in red" Braxy looked up and said with a grin, "Hey Santa,

this is our new home, we just moved in"-

Santa looked down while waving his hand "I see you guys traded the snow

for sand" Then Santa stepped on the chimney with the big sack of toys

"You should go back to bed-both of you boys! Remember, no matter where you and your parents should roam, Santa will always visit your home"!

So quickly the two climbed back into bed, and soon nice dreams, filled the blond covered heads. Merry Christmas to all-wherever you make your home..Keep Christ in your hearts-you re never alone

Pepper Sirloin Steak

INGREDIENTS

- 1 [illegible] sirloin steak [illegible] thick
- ½ [illegible] margarine
- ¾ [illegible] chopped fresh parsley or 1 teaspoon dried parsley
- ¼ cup minced onion
- 2 tablespoons Worcestershire sauce
- 1 teaspoon freshly ground pepper
- ½ teaspoon dry mustard

SERVES 4

- It's easy to please individual tastes by grilling or broiling steaks "to order." Cut steak into serving-size portions before cooking. Smaller pieces mean quicker cooking, too.
- A clean grill rack will help prevent steak from sticking during cooking. Just before rub a wire brush over the rack after the grill has been sufficiently heated.

Make Ahead

Leftover steak will keep well wrapped in the refrigerator for up to 2 days. Slice and serve atop salad or make a hearty steak sandwich for a weekday plus-one paper.

1 Usually score steaks at about 1-inch intervals. Preheat grill or broiler.

2 Combine butter, parsley, onion, Worcestershire sauce, pepper and mustard in a small saucepan. Melt, stirring constantly over low heat. Brush butter mixture. Reserve ¼ of the mixture.

3 Place steak on grill or broiler pan. Brush steak with butter mixture. Cook, turning frequently and brushing butter mixture, about 6 minutes per side for medium.

4 Place steak on a serving platter. Cut into 1-inch slices, [illegible] and brush with remaining butter mixture.

◆ VARIATION

[illegible] steak [illegible] with garlic or onion [illegible] the flavor of the steak.

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page

Test your fax machine

To test the capability of your fax machine, follow the directions below

> **NOTE:**
>
> Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing ***82** before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features

> **NOTE**
>
> Whenever troubleshooting a fax issue, it is good practice to set the ***Automatic Reports*** option to **Every Error** before attempting a test fax. This way, even if the sent fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product *User's Guide* for specific steps.

Test Pattern 1.0

This here be some text. We want at least one page of text included in this testing because text is usually what people transmit in a fax – like a contract page with a signature. Don't get me wrong, graphics are fine but text gives us that warm and fuzzy feeling that this testing is rooted in simulating real-world scenarios.

Graphics, on the other hand, allow us to see minute transmission flaws that are easily overlooked in a text message. The brain is a wonderful thing and can cause us to overlook small missing details. Take, for example, the car company called KIA. Have you ever noticed that the "A" is missing the bar? It looks like a "Λ".

There are other examples of how the brain will fill in missing pieces of characters, or even whole words. I won't bore you with more details. The point is that text is not the best transmission to prove a fax system is working correctly.

Because the human brain is adept at recognizing patterns, the following pattern pages will easily allow one to detect even a small fax issue.

MFD ECOPY Test List

Here is a quick list of functions to test on ECOPY enabled MFD's

1) Press the ECOPY button on the MFD touch screen. Log into ECOPY with your NT Domain user ID and password
2) Run a Scan To-Self test and send any image to your e-mail box
3) Run a Scan-To-Mail test and send any image to your e-mail box.
4) Use the iExpense feature within ECOPY to transmit any image to the iExpense mailbox
5) Send outbound fax to faxtoy.net at 1-888-877-1655 from the MFD. Please view the inbound faxes at faxtoy.net to confirm that the test fax sent was successfully received. It will appear as a small thumbnail image on the faxtoy.net web page if sent successfully
6) Send inbound fax from faxzero.com to the MFD being tested. Fill in all required fields on the faxzero fax form, especially the fax number. Please coordinate this with a second party if the sending PC is not at a nearby location. Please confirm that the fax is received at the device

Please record the results below

MFD Print Queue Name	
MFD Hardware Model	
Physical Location	

Initials	Description
	Scan To-Self performed, and scan e-mail arrived in tester's personal mailbox
	Scan to-mail performed, and scan e-mail arrived in tester's personal mailbox
	Outbound Fax to faxtoy.net successful generated correct fax thumbnail
	Inbound Fax testing completed
	iExpense testing completed

Please fax or e-mail the above check list to Rhonda Hill (rhill@visa.com) and Jonathan Salazar (jonsalaz@visa.com) when completed

Intel® Ethernet Converged Network and Server Adapters

Connectivity you can count on

Outstanding Performance
- Broad OS support
- Optimized for Intel® Architecture
- Low latency Ethernet

Best Choice for Virtualization
- Outstanding virtualization performance with Intel® Virtualization Technology for Connectivity
- Leadership in virtual system scalability with Flexible Port Partitioning (FPP) and Optimized offload
- Broad OS support (VMware ESX®, Microsoft Hyper-V®, KVM, and Xen®)

Unified Networking
- Full line of 10GbE Converged Network Adapters (CNA)
- Fibre Channel over Ethernet
- iSCSI with broad, native OS support
- Support for data center bridging with Intelligent Ethernet

Platform Optimization
- Integrated PCI Express®
- Intel® Direct Data I/O Technology

Compatibility tested for multi-vendor interoperability with network infrastructure elements.

Broad selection from 10/100 Mbps to 10 Gbps, for copper or fiber, from PCI to PCI Express. 10GBASE-T in SFP+ with network reach from 1 meter to 10 kilometers and in single- to quad-port configurations. Other form factors including custom mezzanine cards and mezzanine modules are available upon request.

Performance and reliability backed by more than 30 years of network connectivity experience and best warranty customer support.

Easy description and management via Intel® Advanced Network Services (Intel® ANS) and Intel® PROSet for Windows Device Manager and other tools.

Worldwide availability and environmentally friendly for compliance with global 10/100 requirements.

Quick and Easy Converged Network and Server Adapter Management

Powerful point-and-click configuration tool for advanced adapter features, connection, teaming, vlan traffic, with Intel® PROSet for Windows Device Manager*

- Architecture-aware to Intel® Xeon® utilizing new Windows Driver Model
- Simple, integrated installation easy to manage with broadcast Ethernet connections, both servers and client managers.
- Set more multi-vendor reporting for improved manageability and network connections.
